INDEPENDENT AUDITORS' REPORT

Board of Directors UWF Business Enterprises, Inc. Pensacola, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of UWF Business Enterprises, Inc. (BEI), (a component unit of the University of West Florida), as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which comprise BEI's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Directors UWF Business Enterprises, Inc.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of BEI as of June 30, 2016 and 2015, and the respective changes in net position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedules I to IX are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Board of Directors UWF Business Enterprises, Inc.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2016, on our consideration of BEI's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering BEI's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Orlando, Florida September 30, 2016

This section of UWF Business Enterprises, Inc.'s ("BEI") annual financial report presents our discussion and analysis of the financial performance of BEI for the fiscal year ended June 30, 2016, 2015, and 2014. This discussion has been prepared by management.

Because the information contained in the Management's Discussion and Analysis ("MD&A") is intended to highlight significant transactions, events and conditions, it should be considered in conjunction with the Basic Financial Statements found on pages 12 through 39.

Reporting Entity

At the September 23, 2011 University of West Florida ("the University") Board of Trustees meeting, a motion was passed unanimously by Board members to establish a new Direct Support Organization of the University under Section 1004.28, Florida Statutes and University Regulation 5.016. BEI was to be established as a Florida not-for-profit corporation.

On October 18, 2011, BEI's Articles of Incorporation were filed under the laws of the State of Florida and were certified by the Florida Department of State, Division of Corporations on October 19, 2011.

BEI received official notice from the IRS of tax-exempt status under Section 501(c)(3) of the Internal Revenue Code on April 17, 2012. UWF Business Enterprises Inc. received tax exempt status under code section 170(b)(1)(A)(v) as a governmental unit political subdivision.

BEI was established to build and manage public-private partnerships, create new services and businesses to support the University campus community, and enhance current auxiliaries and businesses to increase alternate sources of revenue for the University.

BEI is focused on entrepreneurial ideas that will enhance academic training and enhance university-community life, allow the University to continue to develop and grow, and increase revenue from alternate sources to further the University's strategic priorities.

The University appointed Dr. James Barnett to serve as interim CEO of BEI from December 6, 2012 through August 31, 2015. On September 1, 2015, Dr. Steven D. Cunningham, Vice President for Finance and Administration became the CEO of BEI.

Overview of the Financial Statements

The basic financial statements presented herein include all activities of BEI, as prescribed by statements of the Government Accounting Standards Board ("GASB"). BEI is a component unit of the University, from inception on October 18, 2011 through period end June 30, 2016.

The statement of net position presents information on all of BEI's assets and liabilities. Assets less liabilities equal the organization's net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of BEI is improving or deteriorating.

The statement of revenues, expenses, and changes in net position presents information showing how BEI's net position changed during the most recent period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The statement of cash flows presents information about the cash receipts and cash payments of BEI from July 01, 2014 through June 30, 2015 and July 01, 2015 through June 30, 2016. It provides insight into the reasons for differences between operating income and associated cash receipts and payments; and the effects on BEI's financial position of its cash and its noncash investing, capital, and related financing transactions during the year.

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in BEI's basic financial statements. The notes are included immediately following the basic financial statements within this report.

Schedules I through IX provide supplementary information of expenses by BEI activity / category reported on the statement of revenues, expenses, and changes in net position. The schedules follow the notes to the basic financial statements.

Summary of Financial Condition

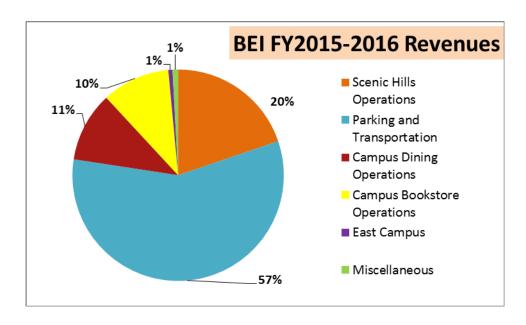

As noted earlier, net position may serve over time as a useful indicator of BEI's financial position.

Financial Highlights

East Campus/Argonaut Village became a new source of revenue for BEI in FY15-16. BEI earned rental income from the new facility, pro-rated based on the subtenant leases executed during the first year of operations, and the gross revenues from the Starbucks located at the new facility are factored into the commissions BEI receives from its dining services vendor. BEI received a small amount of income in FY15-16 and FY14-15 from mobile laundry and dry cleaning services and digital signs, including the monument sign at the East Campus/Argonaut Village. Scenic Hills Country Club (SHCC) costs continued to decline in FY15-16 compared to FY14-15 and FY13-14 as cost savings were realized in the areas of course maintenance and administrative expenses. A reduction in Bookstore commissions in FY15-16 resulted in a commensurate reduction in the amounts paid for Bookstore management, while the amount BEI pays for management of Parking and Transportation Services payments increased in FY15-16 due to increased administrative and operating costs. BEI reclassified the East Campus/Argonaut Village facility from construction in progress to capital assets and began depreciating the asset as of July 1, 2015. The capital investment made by the dining services vendor for the Nautilus Market renovation was donated by BEI to the University in FY15-16.

Scenic Hills Country Club

SHCC was purchased by BEI with \$1.1 million cash on hand and a \$1.1 million bank loan at 3.95% interest, amortized over 20 years with a balloon payment due in June 2015. The bank loan was renegotiated June 30, 2015 and is now a five year \$997,206 bank loan at 4.75% interest, amortized over 17 years with a balloon payment due June 30, 2020. The 2015 appraised value of SHCC was \$2.2 million. The \$1.1 million cash spent to purchase SHCC was from a signing incentive paid to BEI from a vendor as part of the dining and event services agreement. In June 2016 and 2015, Scenic Hills Country Club was awarded Pensacola News Journal's Best of the Bay readers' choice award for best golf club.

Scenic Hills Country Club	FY 2015-16	FY 2014-15	FY 2013-14
Key Facts			
UWF Events/Meetings held	13	15	25
UWF Fundraisers held	2	5	5
Capital Investments	\$0	\$0	\$20,753
Memberships – Golf	160	108	102
Memberships - Social	17	24	29
Member Events/Meetings Held	23	25	27
Rain (Inclement Weather) Days	104	85	98

During FY15-16 SHCC simplified the membership structure and lowered membership rates. The membership base increased from 132 members as of June 30, 2015 to 177 members as of June 30, 2016.

To increase efficiency, SHCC staff took several measures during FY15-16, including non-replacement of key personnel such as the Assistant Golf Professional position and the Sales Director position. This

action, along with reduced hours for other staff members, resulted in approximately \$42,500 savings in staff leasing expenses in FY15-16. The elimination of the Brinks Armored Transportation Services agreement in FY15-16 will result in additional estimated annual savings of \$4,200.

Campus Bookstore and Dining

The dining and event services agreement between BEI and the dining services vendor, originally executed in July 2013, was amended for the second time in FY14-15. Both amendments to the original agreement have provided clarification on capital investments to be made at the East Campus/Argonaut Village restaurant parcel and on the manner in which BEI will be compensated with regard to restaurants housed in the East Campus/Argonaut Village. The signing incentive received and all capital improvements made under the prior agreement along with all capital investment to be made under the amended agreement are recorded as unearned income and amortized to revenue over the remaining life of the amended agreement.

In June 2015, a Development Agreement and a Lease Agreement were executed between BEI and the dining services vendor in connection with the East Campus/Argonaut Village. The Development Agreement outlined the scope of work to be performed at the East Campus under the agreement and distinguished between work accomplished for the University and work accomplished for BEI. The Lease Agreement identified BEI as landlord and the dining services vendor as the tenant. The term of the Lease Agreement coincides with the term of the Main Campus Dining Agreement between the dining services vendor and BEI, currently extended until 2035. Under the Lease Agreement, BEI is to receive a \$100,000 lease payment in July of each year, with a pro rata calculation for the first year of operation. East Campus/Argonaut Village construction of the building shell has been completed and three (3) retail units are in operation. Two (2) additional retail units are scheduled to open in early FY16-17.

Certain capital investments made by the dining services and bookstore services vendors under the respective agreements with BEI ultimately become the property of the University. In recognition of this transfer of capital investments completed and placed into service, BEI's Statement of Revenues, Expenses, and Changes in Net Position reported a donation from BEI to the University of \$670,798 and \$104,202 for the years ended June 30, 2016 and 2015, respectively. There were no capital investments made by vendors completed and placed into service with title transfer to the University during FY13-14. Capital investments made by the dining services vendor in FY14-15 included \$50,000 for furniture renewal at SHCC.

BEI receives commissions based on sales from both the dining services and bookstore services vendors for campus operations. Of the \$1 million advance commission paid to BEI in June 2012 under the original dining and event services agreement, \$374,752, \$396,796, and \$418,840 remained unearned as of June 30, 2016, 2015, and 2014, respectively.

The UWF Bookstore continues to offer students a variety of savings opportunities including purchasing used books, the rental of new and used books, and the purchase and rental of digital books. All offer savings over the purchase of new course materials.

Programs offered to students include the ability to purchase course materials at the time of registration, a price match promise, and a financial aid deferment which allows students to make use of anticipated excess financial aid prior to aid being dispersed.

The Bookstore continues its partnership with UWF Intercollegiate Athletics and will be the official provider of UWF emblematic merchandise at the home football games held at the Blue Wahoos stadium.

Parking and Transportation

On June 21, 2013, the University President granted approval for BEI to "accept and administer Parking and Transportation Services" for the University. BEI contracts with the University for continued seamless daily operations. Long-term planning, capital investment, and construction of new parking and transportation facilities are handled by BEI.

A crosswalk improvement project to add rumble strips and speed bumps to all cross walks on campus was implemented in FY14-15. The second phase of the project, which includes new signage, improved lighting, and curb cuts, was implemented in FY15-16. A phase 3 will follow.

Plans began in FY15-16 for a new 75 space parking lot to be designated as Lot N. Located adjacent to the Center for Fine and Performing Arts, Lot N will connect with existing Lot M.

An 85 space parking lot was added at the East Campus/Argonaut Village. The parking lot was completed in early FY15-16. BEI contributed \$600,000 to the construction costs in FY15-16.

The bus pass program continues to provide a valuable service to students with passes being distributed from both the Parking and Transportation Services Office and the Business and Auxiliary Services Office. 9,118 bus passes were distributed in FY15-16. Encouraging students to use public transportation helps to reduce the number of single occupancy vehicles on campus and to improve parking efficiency.

Two (2) new non-expiring permits were created and distributed in FY15-16--one (1) for retirees and one (1) for alumni. The non-expiring permits are more efficient as they do not need to be replaced and are more responsive to the needs of the University's retirees and alumni.

As a result of a parking rate stabilization initiative, parking rates will not increase in FY16-17, providing a cost savings to the University Community.

Investments

The East Campus/Argonaut Village facility construction has been completed with the expected build-out for the majority of tenants to be completed in early fall of 2016. As part of the capital improvements required under the two (2) amendments to the dining and event services agreement executed in July 2013, the dining services vendor has invested \$3.85 million to date to develop and construct over 13,100 gross square feet of mixed use commercial and restaurant buildings at the east entrance of campus. The Lease Agreement has been executed between BEI and the dining services vendor to

sub-lease the space to various businesses for operation. The vendor shall act as Property Manager on behalf of BEI, the Landlord, and will be responsible for sub-leasing and managing both the property and the commercial tenants. The first tenant began operations in June 2015 and two (2) other tenants have opened since. One (1) tenant is currently in the final stages of build-out construction and another tenant is nearing completion of the sublease process. Only the anchor location is currently unassigned.

Other Items

In July 2014, the University Park project was re-engineered and transitioned from BEI to the University of West Florida. The external master developer working with BEI to develop the original project as a public/private partnership withdrew from the project, and BEI was not in a position to pursue the project under an alternative funding plan. BEI had \$111,000 in developmental costs that did not provide a benefit to the revised project and thus were not transferable to the University. Presently construction of University Park, Phase IA, which includes a competition field, site work, infrastructure, and temporary trailers is essentially complete. This project is in support of UWF's fledgling football program and is funded from university monies.

BEI has continued to focus strategically on the East Campus/Argonaut Village development and SHCC. The hotel and conference center, townhouse and zero-lot line leased residences, electric vehicle pilot program, and west campus retirement village projects remain on hold. A total of \$78,218 spent to date toward the development of these projects no longer provide an ongoing benefit and were reclassified in FY15-16.

On May 4, 2015, BEI held its first strategic planning session to help refine and focus future activities of BEI. As a result of this session, a workgroup was charged to review and evaluate options for the future of SHCC. Following the recommendations of the workgroup, BEI and University staff undertook a competitive selection process in FY 15-16 to identify a long-term partner for the lease or other long-term management and operation of SHCC. The planning process for the long-term operations strategy for SHCC is still underway.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

UWF Business Enterprises, Inc. (BEI) was formed in 2011 as a Florida corporation, organized as a direct support organization of the University of West Florida (the University or UWF) under Section 1004.28, Florida Statutes, and Rule 6C-9.011, Florida Administrative Code, and therefore is considered a component unit of the University. BEI was organized for the explicit purpose of supporting the University of West Florida by the development of properties and facilities used or useful in the University's educational endeavors, to lessen the burdens of government and provide assistance to the faculty, staff and students of the University. BEI is a public charity under section 501(c)(3) of the Internal Revenue Code.

BEI owns an office building located on UWF's campus and owns and operates Scenic Hills Country Club (SHCC) effective July I, 2012. Both are used to support the University's educational activities. BEI has also entered into contracts which will provide dining, bookstore, parking and transportation, and Laundry/dry-cleaning services, and any other assigned functions to University students and personnel.

Basis of Presentation and Accounting

Basis of accounting refers to when revenues, expenses and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurements focus applied.

The accompanying financial statements of the business-type activities of BEI have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. BEI applies all applicable GASB pronouncements.

BEI uses enterprise fund accounting. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For the purposes of reporting cash flows, BEI considers all cash accounts and certificates of deposit with original maturities of three months or less to be cash or cash equivalents.

The Company maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed federally insured limits; however BEI has not experienced any losses in these accounts.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are stated net of an allowance for doubtful accounts. BEI estimates for doubtful accounts based on an analysis of certain customers taking into consideration the age of the past due accounts and an assessment of the customer's ability to pay. Accounts are considered past due when the payments due are not made within certain designated timeframes.

A summary of the changes in the allowance for doubtful accounts follows:

	 2016	 2015
Beginning Balance	\$ 80,574	\$ 93,112
Current Year Provision	134,463	89,400
Write Offs of Accounts	 (22,293)	 (101,938)
Ending Balance	\$ 192,744	\$ 80,574

Due from the University of West Florida, Net

Due from the University of West Florida, Net includes BEI cash held in a University account (Agency or Auxiliary) which may be withdrawn by BEI at any time (no funds access restrictions).

Inventory

Inventory consists of merchandise held for resale and maintenance inventory held at SHCC. Inventory is recorded at the lower of cost or market value. The first-in, first-out (FIFO) and average cost cost-flow assumption methods are utilized.

Capital Assets

Capital assets consist of land, buildings, golf course improvements, parking lot, equipment, furniture and fixtures, exterior sign, and construction in progress. Assets are capitalized and recorded at cost at the date of acquisition or at estimated fair value at the date received in the case of donations. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. BEI has a capitalization threshold of \$50,000 for buildings, building improvements, infrastructure, infrastructure improvements, and leasehold improvements and a \$5,000 capitalization threshold for tangible personal property. Depreciation is calculated on the straight-line basis over the following estimated useful lives of the related assets:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Buildings	40 Years
Golf Course Improvements	20 Years
Parking Lot	20 Years
Maintenance Equipment	7 - 10 Years
Furniture and Fixtures	7 Years
Office Equipment	5 Years
Software	5 Years
Exterior Sign	7 Years

Unearned Commission Income

BEI received \$1,000,000 in fiscal year 2012 in unearned advance commissions in connection with a contract with a food service provider as discussed in Note 7. The unearned balance is being amortized on a straight line basis from July 2013 through June 2033.

Unearned Service and Management Arrangement Income

BEI received \$1.1 million as a signing incentive in fiscal year 2012 in connection with a dining services contract with the same food service vendor, which is being amortized on a straight line basis through June 2033. Effective October 2012, BEI also assumed the unamortized balance of the vendor's investment under the prior dining services contract between the University and the vendor, which is being amortized on a straight line basis through June 2023. Capital improvements made and to be made by the vendor under the contract are recorded as unearned income and are amortized on a straight line basis from October 2012, or date of completion in the case of capital improvements, through June 2035.

BEI received as part of a service and management arrangement an initial contribution of \$600,000 from the vendor for the operation of the bookstore. This unearned income is being amortized on a straight line basis from October 2012 through November 2022.

Net Position

Equity is classified as net position and is further classified into the following components:

Net investment in capital assets - Consists of all capital assets, reduced by outstanding debt that is attributable to the acquisition of those assets.

Unrestricted - Consists of all other assets and liabilities not included in the above category.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

BEI was established as a direct support organization of the University and has been granted tax exempt status under Section 501(c)(3) of the Internal Revenue Code.

BEI evaluates its tax positions for uncertainties on a regular basis and has determined it has no material uncertain tax positions as of June 30, 2016 and 2015. BEI recognizes accrued interest and penalties, if any, associated with uncertain tax positions in "expenses" in the accompanying financial statements.

As of the date the financial statements were available for issue, BEI is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with generally accepted accounting principles.

Operating Revenues and Expenses

Operating revenues and expenses generally result from providing services in connection with BEI's SHCC, Dining Services, Bookstore Services, and Parking and Transportation Services. Operating revenues are from golf course sales, commissions, parking and transportation fees, service and management arrangements, contributions in kind and rental operations. Operating expenses are primarily from golf course operations, food and bookstore management, management of parking and transportation services, management of rental facilities, donations to the University, general and administrative, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Subsequent Events

In preparing these financial statements, BEI has evaluated events and transactions for potential recognition or disclosure through September 30, 2016, the date the financial statements were available to be issued.

NOTE 2 CAPITAL ASSETS

Capital assets consisted of the following at June 30, 2016:

	Beginning				Ending
	Balance	Additions	Disposals	Reclassify	Balance
Land	\$ 393,162	\$ -	\$ -	\$ -	\$ 393,162

Maintenance Equipment,					
under Capital Lease	20,775	-	-	(20,775)	-
Furniture and Fixtures	88,132	-	(6,816)	50,000	131,316
Office Equipment	8,013	-	(1,407)	-	6,606
Exterior Sign	11,392	-	-	-	11,392
Software, under Capital Lease	20,753	-	-	-	20,753
Construction in Progress	495,517	4,975,000	(215,301)	(50,000)	5,205,216
	3,086,661	4,975,000	(223,524)	-	7,838,137
Less: Accumulated					
Depreciation	(158,240)	(82,949)	3,764		(237,425)
Total	\$ 2,928,421	\$ 4,892,051	\$ (219,760)	\$ -	\$ 7,600,712

Depreciation expense amounted to \$215,087 and \$82,949 for the years ended June 30, 2016 and 2015, respectively, and includes amortization expense of \$4,151 for each year for the above equipment under capital leases.

During the years ended June 30, 2016 and 2015, BEI donated Capital Investments in the amount of \$670,798 and \$104,202, respectively, to the University of West Florida.

NOTE 3 LONG-TERM LIABILITIES

Changes in long-term liabilities were as follows at June 30, 2016:

2016

	Beginning			Ending	Amounts Due Within
	Balance	Additions	Reductions	Balance	One Year
Note Payable	\$ 997,206	\$ -	\$ (38,743)	\$ 958,463	\$ 40,781

	\$ 4,102,385	\$ 4,383,472	\$ (361,226)	\$ 8,124,631	\$ 527,800

NOTE 3 LONG-TERM LIABILITIES (CONTINUED)

The note payable consisted of a bank loan with an original principal balance of \$1.1 million at 3.95% interest, amortized over 20 years with a three year balloon payment. The monthly payment was \$6,670 and was secured by the real property of SHCC. This note was refinanced on June 30, 2015, with a new principal balance of \$997,206 at 4.75% interest, amortized over 17 years with a five year balloon payment. The note payable requires monthly payments of \$7,171 and is secured by the real property of SHCC. Aggregate future principal and interest payments under the note payable are as follows:

Year Ending June 30,	 Principal	Interest		Interest T		Total
2017	\$ 40,781	\$	45,269	\$	86,050	
2018	42,789		43,261		86,050	
2019	44,896		41,154		86,050	
2020	829,997		39,050		869,047	
	_					
Total	\$ 958,463	\$	168,734	\$	1,127,197	

BEI is party to a capital lease agreement for software which expires in 2018. As of June 30, 2016 and 2015, the cost of the equipment under capital lease was \$20,753 and related accumulated amortization was \$10,722 and \$6,572, respectively.

The following is a schedule of future minimum lease payments pursuant to the capital lease together with the present value of the net minimum lease payments.

Year Ending June 30,	
2017	\$ 6,067
2018	5,651
Total Lease Payments	11,718
Less: Amount Representing Interest	 (2,483)
Present Value of Minimum Lease Payments	 9,235
Less: Current Maturity	 (4,790)
Net Noncurrent Portion	\$ 4,445

NOTE 4 OPERATING LEASES

The Company is party to noncancellable operating lease agreements for certain restaurant equipment, turf equipment and golf course carts. Future minimum lease payments under these agreements are as follows:

Year Ending June 30,	
2017	\$ 58,663
2018	24,466
2019	24,466
2020	 22,428
Total	\$ 130,023

Total rent expense of \$104,202 and \$82,124 for the years ended June 30, 2016 and 2015, respectively, includes amounts related to the above lease agreements and additional amounts for short-term equipment rentals.

NOTE 5 UNEARNED SERVICE AND MANAGEMENT ARRANGEMENT INCOME

As discussed in Note 7, BEI received \$1.1 million as a signing incentive during fiscal year 2012 in connection with a dining services contract with a food service provider. Effective October 2012, BEI also assumed the unamortized balance of the vendor's investment under the prior dining services contract between the University and the vendor. During fiscal year 2014, an additional \$300,000 was due for certain capital investments as stipulated in the contract signed with the food service provider. During fiscal year 2015, an additional \$4,375,000 was invested by the vendor as stipulated in the contract signed with the food service provider.

The payments received and capital improvements made and to be made by the food service provider under the contract are recorded as unearned income and are amortized on a straight line basis from October 2012, or date of completion in the case of capital improvements, through June 2033.

As discussed in Note 8, BEI received as part of a service and management arrangement an initial contribution of \$600,000 from the vendor for the operation of the bookstore. This unearned income is being amortized on a straight line basis from October 2012 through November 2022.

NOTE 5 UNEARNED SERVICE AND MANAGEMENT ARRANGEMENT INCOME (CONTINUED)

Unearned service and management arrangement income consisted of the following June 30:

	2016		 2015
Unamortized Unearned Income from Dining Services Agreement - Note 7	\$ 5,836,614		\$ 6,232,730
Unamortized Unearned Income from Bookstore Services Agreement - Note 8	375,000	_	435,000
Total Unearned Income from Service and Management Arrangements	\$ 6,211,614	=	\$ 6,667,730

NOTE 6 MANAGEMENT AGREEMENT WITH UNIVERSITY OF WEST FLORIDA

On December 9, 2011, BEI and the University entered into a Master Management Agreement (the Agreement) which authorizes the President of the University to assign management and operation of certain University facilities and programs (Assigned Functions) to BEI. The Agreement requires BEI to use any excess funds to support University operations. However, BEI may retain funds (operating capital) which are necessary for the purposes of future projects and programs.

NOTE 7 ASSIGNMENT OF DINING SERVICES

On June 11, 2012, the President of the University granted approval, under the Agreement, for BEI to accept and administer dining services for the University. BEI entered into an agreement in June 2012 with a food service provider who will provide all retail and catering food services on the University's main campus, SHCC and concession services at athletic, recreational and special events at the University's main campus.

NOTE 7 ASSIGNMENT OF DINING SERVICES (CONTINUED)

The contract with the food service provider became effective July 1, 2013, and extends through June 30, 2033. The contract can be extended for one year periods upon mutual agreement. Either party may terminate the amended agreement during the contract period due to financial hardship and with proper notice. The amount of unamortized unearned income would become due to the food service provider within 180 days of the terminated agreement, unless this is renegotiated in a new agreement. The contract was amended in December 2014 to extend the original contract length through June 30, 2035.

In fiscal year 2012, the food service provider paid a signing incentive of \$1.1 million to BEI under the original agreement. Under the agreement, as amended, the food service provider has also agreed to purchase \$7,964,850 of capital improvements on behalf of BEI in exchange for contract terms including the exclusive right to provide services. The \$1.1 million signing incentive has been recorded as unearned income and is being amortized to revenue on a straight line basis from October 2012 through June 2033. Capital improvements made under the prior and amended contract are recorded as completed, and corresponding unearned income is recognized and amortized over the remaining life of the contract. The amortization period for capital improvements was changed from June 2032 to June 2035 in accordance with the extended term of the amended agreement. Under the terms of the amended contract the University holds title to certain assets funded through the capital investment; therefore the transfer of those assets to the University by BEI will be recognized as donations to the University.

Included in the food service provider total capital investment is the unamortized balance of the food service provider's investment under the contract between the University and the food service provider in existence immediately prior to the effective date of the initial agreement with BEI. BEI reported this amount as donations to the University during fiscal year 2013 and unearned income to be amortized on a straight line basis over the period October 2012 to June 2023 per the amended agreement.

During the years ended June 30, 2016 and 2015, \$670,798 and \$104,202, respectively, of the food service provider investments were donated to the University in accordance with the agreement. The unearned income related to those investments will be amortized on a straight line basis over the period December 2013 through June 2033 per the amended agreement.

The food service provider constructed the East Campus Restaurant Development Project (Argonaut Village) to provide various retail establishments. Effective July 1, 2015, BEI entered into a lease agreement with the food service provider whereby the food service provider subleases Argonaut Village for base rent of \$100,000 paid annually, inclusive of sales tax, with certain reductions permited in the initial year as described in the agreement. Rental income for the year ended June 30, 2016, was \$28,071.

NOTE 7 ASSIGNMENT OF DINING SERVICES (CONTINUED)

As of June 30, 2016 and 2015, BEI has recognized \$353,350 and \$161,182, respectively in earned revenue from the vendor investments. During the years ended June 30, 2016 and 2015, BEI recognized \$670,798 and \$104,202, respectively, in donations to the University related to dining services. The following is a rollforward of the Unearned Service and Management Arrangement Income for the years ended June 30:

	 2016	 2015
Unearned Service and Management Arrangement		
Income - Beginning of Year	\$ 6,232,730	\$ 2,018,911
Add: Capital Improvements under Service and		
Management Arrangements	-	4,375,001
Less: Amounts due to Service Provider	(42,766)	-
Amortization of Unearned Income	(353,350)	(161,182)
Unearned Service and Management Arrangement		
Income - End of Year	\$ 5,836,614	\$ 6,232,730

The amended contract also calls for commissions to be paid to BEI based upon sales by the food service provider on a sliding scale from 2.25% on the first \$7.5 million of sales to 4.25% for sales in excess of \$11 million. Under the original contract, an advance commission payment of \$1 million was paid upon the signing of the contract during fiscal year 2012. The balance of unearned commission is \$374,752 and \$396,796 at June 30, 2016 and 2015, respectively.

Subsequent to June 30, 2016, the agreement between the food service provider and SHCC was terminated, effective September 30, 2016. Under the current agreement the amount of unearned service and management income related to SHCC operation, \$42,766 becomes payable within 180 days from the termination date to the food service provider by SHCC. This amount is included in Accrued Liabilities in the accompanying Statements of Net Position.

NOTE 8 ASSIGNMENT OF BOOKSTORE OPERATIONS

On October 15, 2012, the President of the University granted approval, under the Agreement, for BEI to accept and administer bookstore services for the University.

On August 18, 2009, the University and a bookstore operations vendor entered into a Bookstore Operating Agreement pertaining to the operation of the University's bookstore facilities and certain bookstore upgrades. Bookstore services became an Assigned Function of BEI on October 15, 2012, and the Bookstore Operating Agreement was amended on this date to substitute BEI as party to the agreement in lieu of the University. The amendment additionally extended the contract between BEI and the bookstore operations vendor through September 2022.

NOTE 8 ASSIGNMENT OF BOOKSTORE OPERATIONS (CONTINUED)

Under the contract, a \$600,000 initial contribution was provided to BEI by the bookstore operations vendor. This initial contribution was recorded as unearned income and is being amortized on a straight line basis over the 10 year contract period. The bookstore operations vendor has also agreed to invest up to an additional \$300,000 for store upgrades throughout various campus locations. These upgrades are expected to occur within the next 12 months.

All equipment, fixtures and furniture included as store upgrades from the capital investments of the bookstore operations vendor or from future capital investments will remain the property of the bookstore operations vendor until the investment is fully amortized, over a five year period commencing on the date of the first disbursement of funds, at which time the upgrades will become property of the University. As of June 30, 2016 and 2015, there were no fully amortized store upgrades. Upon such time that store upgrade titles are transferred to the University, the fair value of the assets will be recognized as donations to the University and income by BEI.

During each of the years ended June 30, 2016 and 2015, BEI has recognized \$60,000 in bookstore contract revenue. The following is a rollforward of the Unearned Service and Management Arrangement Income for the years ended June 30:

	 2016	 2015		
Unearned Service and Management Arrangement Income - Beginning of Fiscal Year	\$ 435,000	\$ 495,000		
Less: Amortization of Unearned Income	(60,000)	(60,000)		
Unearned Service and Management Arrangement				
Income - End of Year	\$ 375,000	\$ 435,000		

The contract amendment also calls for commissions to be paid to BEI based upon sales by the bookstore operations vendor on a sliding scale from 10.25% on the first \$5 million of sales to 12.25% for sales in excess of \$7.5 million with a minimum annual guarantee of \$425,000 for fiscal years ended June 30, 2013, (which includes commissions earned from July 1, 2012, until the effective date of the contract amendment) and June 30, 2014. For the fiscal years commencing July 1, 2014, and beyond, the minimum annual guarantee shall be equal to 90% of the previous year's calculated commission amount. During the year ended June 30, 2016 and 2015, total commissions amounted to \$397,899 and \$409,197, respectively. These commissions are presented in the accompanying statements of revenues, expenses, and changes in net position.

NOTE 9 ASSIGNMENT OF PARKING OPERATIONS

On June 21, 2013, the President of the University granted approval, under the Agreement, for BEI to accept and administer Parking and Transportation Services (PATS) for the University. The assignment was effective July 1, 2013.

The revenues and expenses for the PATS assigned function are the responsibility of BEI. BEI contracts with the University to collect revenues and to perform the day-to-day operations of the parking function on behalf of BEI.

Cash reserves held by the University specifically for the PATS assigned function will remain the property of the University and will be held for planned and unscheduled needs and for the design and construction of parking, transportation, and related facilities as required. BEI is responsible for the long-term planning, capital investment, and construction of new parking and transportation facilities.

NOTE 10 MOBILE LAUNDRY AND DRY CLEANING SERVICES

A license agreement was entered into by BEI and a vendor on August 1, 2014, to provide mobile laundry and dry cleaning services for UWF students, faculty, and staff. The vendor installed a prefabricated structure on the main campus of the University for customers to drop off and pick up laundry. The vendor pays a monthly license fee to BEI equal to 10% of gross revenues of the vendor in connection with the license agreement. The vendor is responsible for all costs associated with the terms of the license agreement other than the costs related to establishing the utilities connection.

NOTE 11 BUILDING LEASE AND RENTAL INCOME

On June 14, 2013, BEI entered into a lease agreement with the UWF Small Business Development Center, a component of the University, to rent Building Eight which was transferred to BEI in 2012. The annual rent shall be \$20,310 and the rental period began on July 1, 2013 and continues through June 30, 2016.

On June 17, 2016, BEI entered into a lease agreement with the University of West Florida, acting for and on behalf of the University of West Florida board of trustees, a public body corporate, to rent Building Eight for an additional 3 years commencing on July 1, 2016 through June 30, 2019. The annual rent shall be \$20,513, \$20,718, and \$20,925, respectively, for the next 3 fiscal years.

NOTE 12 RISK MANAGEMENT

BEI is exposed to various levels of loss including, but not limited to, losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. BEI is insured for these risks. There were no insurance losses related to these risks for the years ended June 30, 2016 and 2015. BEI is not aware of any liabilities related to these risks as of June 30, 2016.

BEI has established a Low Value Asset Policy to manage and account for certain property items which are portable and susceptible to theft or loss. No low value assets have been identified as missing as of June 30, 2016 and 2015.

NOTE 13 IN-KIND CONTRIBUTIONS

Rent for space utilized by BEI and owned by the University was recorded for \$2,654 and \$2,544, respectively, for each of the years ended June 30, 2016 and 2015. In addition, \$3,102 and \$4,250, respectively, was recorded for food and beverage services donated to BEI for the years ended June 30, 2016 and 2015.

Each state university board of trustees is authorized to permit the use of property, facilities, and personal services at any state university by any university direct support organization per Section 1004.28, Florida Statutes. Administrative and fiscal services, office space, and other miscellaneous support services are provided to the University direct support organizations by the University at no cost. Estimated fair values are recorded if determinable. No value is assigned to administrative and fiscal services in the accompanying statements of revenues, expenses, and changes in net position since there is no objective basis for determining the value.

NOTE 14 RELATED PARTIES

The University provides administrative, managerial and facilities support for BEI. BEI reimbursed the University \$13,726 and \$50,227 for services and costs during the year ended June 30, 2016 and 2015. For the years ended June 30, 2016 and 2015, BEI disbursed \$95,000 and \$95,789, respectively, to the University for food service management pursuant to the Agreement discussed in Note 7. For the years ended June 30, 2016 and 2015, BEI disbursed \$388,833 and \$402,449, respectively, to the University for bookstore management pursuant to the Agreement discussed in Note 8. For the years ended June 30, 2016 and 2015, BEI incurred expenses totaling \$1,526,020 and \$1,332,162, respectively, to the University for parking and transportation management pursuant to the Agreement discussed in Note 9.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors UWF Business Enterprises, Inc. Pensacola, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of UWF Business Enterprises, Inc. (BEI) (a component unit of the University of West Florida), as of June 30, 2016, and the related notes to the financial statements, which collectively comprise BEI's basic financial statements, and have issued our report thereon dated September 30, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered BEI's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of BEI's internal control. Accordingly, we do not express an opinion on the effectiveness of BEI's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board Of Directors UWF Business Enterprises, Inc.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether BEI's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of BEI's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering BEI's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
