

# Research Matters

*A Monthly Publication of RAE*

## July 2023

### *Notes from Beneath the Blue Awning*

Collaboration is at the heart of most of the scholarship I see at UWF. A collaborative team can do more, different things. Sometimes those projects become radically different, such as those STEAM projects that integrate artistic elements with STEM topics. Collaborations allow an interdisciplinary team to conquer complex systems, engineer creative business and tech solutions, or translate statistical analyses into new disciplinary knowledge.

The National Academies of Sciences Engineering and Medicine recognizes the **Science of Team Science** as a field unto itself, exploring the nature of these collaborations and the ways that they can create an impact greater than the sum of individual parts. Over the past year, UWF RAE staff and researchers have participated in a team science program funded by the NSF and involving universities across the state. On Thursday, Oct. 26, 2023, we will explore the power of scholarly, creative, and research collaborations in a team science presentation and workshop as part of 2023 Research Week.

In the meantime, I hope your own summer collaborations are progressing and proving fruitful as you advance your scholarship.

With warm regards,

Matt Schwartz  
Professor and AVP of Research Administration

## New publications

The Office of Research Administration and Engagement congratulates the following

researchers for their recent publications.

- **Dr. David Earle** for **"Where All Good Flappers Go: Essential Stories of the Jazz Age,"** a collection of short stories he edited.

If you or your students have a publication you'd like to see highlighted here, please email Jeffrey Cassady at [jcassady@uwf.edu](mailto:jcassady@uwf.edu) and include the name of the publication, the name of the journal in which it appears, and the names of the authors. Additionally, please identify authors who are University of West Florida faculty, students, or staff members.

Subscribe to the [CASSH](#) newsletter.

**GrantForward**: Sign up with your UWF account to search funding opportunities and receive personalized recommendations.
