

## UWF TeCMEN Workshop

**Team Building for Supervisors and Managers:** Are you eager to develop your leadership qualities and be a quality team participant? Many of today's teams rotate leadership roles, so it's crucial to understand both perspectives as you learn the best ways to communicate and work together for positive change. Teams are becoming a staple in today's workplace. In this course, you'll learn the components of a successful team and the stages of its development. You'll learn how to staff teams for maximum effectiveness, ensure they get off to a strong start, and give them the support and resources they need to be effective. Plus, you'll learn practical tools that can facilitate healthy group interaction and enhance team effectiveness. Along the way, you'll follow real-life examples and scenarios to help you identify with the team building process. There's a lot more to it than just getting a number of people together in a room at the same time.

**Course Leader:** Lane Rees, the owner of Human Resource Solutions, has over thirty five years in strategic and practical human resource leadership.

**Location:** The session convenes at the UWF Fort Walton Beach Campus; 1170 Martin Luther King, Jr. Boulevard. The classroom number will be provided by email to each of the registered participants.
