

MANAGEMENT

Mission Statement

The mission of the College of Business is to provide a high quality, student-oriented educational experience to undergraduate and graduate business students primarily from the Northwest Florida region. The college of Business prepares students for successful careers in business and society and, in doing so, advances the educational and economical development of Northwest Florida. The College of Business prepares students for successful careers by offering them the opportunity to develop knowledge and skills in a particular business discipline within the framework of a broad business curriculum.

Student Learning Outcomes

UWF Management graduates should be able to do the following:

Content

- Define terminology and concepts in the major areas of business:
 - Information Technology
 - Marketing
 - Management
 - Economics
 - Accounting
 - Finance
- Plan, organize, lead, and control the use of resources to accomplish performance goals in organizations
- Apply principles of group and individual dynamics through effective membership in a team
- Identify issues and problems in human resource management and develop a human resource management plan

Critical Thinking

- Identify business problems, frameworks for their solution and use appropriate problem solving techniques for business problems

Communication

- Communicate effectively in writing, create and deliver effective oral presentations, and contribute effectively to group discussions

Integrity/Values

- Articulate ethical issues that occur in business, evaluate alternative courses of action, and evaluate the implications of those actions

Project Management

- Plan projects, work in team settings, and deliver project outcomes on time

Assessment of Student Learning Outcomes

In the Management major, you will demonstrate specific knowledge and skills through quizzes, examinations, projects, and other assignments throughout the undergraduate program. For example, in the core BSBA course Policy Analysis & Formulation, you will be given an opportunity to demonstrate your academic accomplishments in a standard format through the production of a substantial case analysis. In the Management specialization course The Future: Projecting, Planning and Managing, you will have the opportunity to showcase your academic accomplishments through the production of a substantial life planning paper. In most courses, you will have quizzes and examinations on the knowledge and skills covered in the respective courses.

Job Prospects for Management Graduates

Career opportunities for graduates of this program include a variety of management positions in a broad range of industries. This includes positions such as:

Human Resource Manager
Operations Analyst
Management Consultant
Corporate Planner

Retail Manager
Public Relations Specialist
Organization Analyst
Training Manager
