

IEP NEWS

WELCOME TO THE PROGRAM

Welcome to the summer semester of the Intensive English Program. Our experienced teaching staff is here to meet the needs of every student. We use an academic approach to improve students' listening, speaking, reading, grammar and writing. We also concentrate on the requirements for the TOEFL (Test of English as a Foreign Language), which

is required to study at most American universities.

Students learn at their own pace after completing a placement test administered on the first day of class. The placement test will determine which of the five levels, from beginner to advanced, the student will study. The program is designed so students can easily advance from one level to another .

IEP Class Summer 2007

We welcome you to the Intensive English Program and look forward to your continued success.

STUDENT SPOTLIGHT

As a child, Veronica Eganez always dreamed of traveling to the United States. In 2003, Eganez's dream came true. After hearing

Veronica Eganez, Venezuela

about the Intensive English Program at UWF from a friend in Venezuela, she packed her bags and headed to sunny Pensacola, Florida. Eganez studied English for two semesters before being accepted into UWF. She is now in her final year of completing her bachelor's degree in accounting and is a recipient of a highly-competitive Latin American -Caribbean Scholarship. "IEP

helped me to get ready for the TOEFL and to be able to enroll at UWF with a better understanding of English at a college level," said Eganez. She also notes that coming to the United States to study has helped her to become a more independent and responsible person. Eganez also looks forward to beginning her master's degree in business administration at UWF.
