Leisure Learning Society Update

November 10, 2009

*The Leisure Learning Society is proud to announce:*

### Social Networking with Facebook

Come learn how Facebook is influencing social networking. Dr. Laura J. White and Dr. Bernd Owsnicki-Klewe from the UWF department of Computer Science will discuss the impact of Facebook on our society and show how Facebook is expanding networks of individuals and organizations. Your children and grandchildren talk about this all the time...It's time for you to understand what they are talking about! Most businesses that you deal with are now on Facebook. The Council on Aging has a page. This presentation will focus on how to be connected, how to share, and how to communicate with friends inside Facebook. It is a whole lot easier than you might think! Interested learners may wish consider creating a Facebook account beforehand at facebook.com so that they may leverage what they learn shortly after this demonstration.
