AGENCY NAME: Top of the Bottom Outreach Ministry

ADDRESS: 2924 Mission Rd.

CITY: Pensacola STATE: FL ZIP: 32505

Office Hours: 12:00 to 6:00

Purpose or goal of agency:
Top of the Bottom Outreach Ministry was founded by Pastor Willie Williams over 14 years ago in the Community of Bellehead just north of Catholic High School. Under Pastor Williams' leadership (TOTBOM) has developed a love and growing concern for Youths that live in and deal with poverty on a daily basis. One of this Ministry's goals is to offer these Children and others an opportunity to be productive Citizens in our Communities and our work force. In our efforts to accomplish this goal we realize that we need the help of experienced Leaders and other related Groups and Organizations to create in us as well as the Children new and creative ideas on how to build a greater future.

Intern duties:
To come in and study the attitudes and demeanor of the boys and girls in our group and hopefully shed precious insight with us and the students. His study or duties would be guided by his or her School and whatever agreement we deem appropriate as a collective group.

Description of what a student would learn from this placement:
We would hope that an Intern on site would further His or Her Education as to the growing concern of our Youths' desires to trade good moral and great standards for a fast and downward life style. This study could shed tons of insight in the life of the Intern as a leader and a student of UWF. No one knows the mind of a person until you have behold him or her personally.
