### Content

- Articulate and apply the practices central to the areas of specialization
- Analyze models of curriculum and instruction for use in real-world situations

### Critical Thinking

- Analyze real-world situations for implications of educational, organizational, or public policy
- Evaluating curriculum systems, including relationships to instructional policy and implementation

### Integrity/Ethics/Characteristics

- Articulate strategies for maintaining personal ethics
- Articulate a philosophy related to curriculum and instruction research and practice

### Communication

- Effectively use appropriate technologies to support practices central to the areas of specialization
- Design/research-based written and oral communication to meet audience and situation needs
- Communicate effectively with clients, end-users, peers, and customers orally and in writing

### Project Management

- Work with others, providing content-related leadership, using project management tasks and techniques
- Describe strategies to anticipate and manage educational and organizational change

### Curriculum Studies Content

- Demonstrate effective learning skills through synthesis of peer interaction
- Develop the practice of unbiased value judgments related to ethnic and minority groups, institutions, historical events, and societal change agencies
- Evaluate human diversity and show sensitivity to individual needs and differences through dialogue, literature, study, and research
- Evaluate problems affecting the human condition and create possible solutions
- Evaluate social justice issues as related to political economy, ideology, and educational delivery systems
- Evaluate the effects of prejudice, racism, socioeconomic differences, and historical events on society and institutions
- Integrate theory related to literature, history, sociology, and diverse groups
- Synthesize connections between theory and practice

### Curriculum Studies Critical Thinking

- Design and conduct research that is based upon a theoretical and philosophical framework

### Curriculum Studies Integrity/Ethics/Character

- Engage in behavior that illustrates compliance with professional ethics

### Curriculum Studies Project Management

- Conduct applied research projects that reflect real-world needs
