Federal regulations allow institutions to apply Federal Title IV financial aid funds to “allowable charges,” which consist of tuition, mandatory fees, housing, and meal plans. Other charges, including bookstore charges, library fines, student health center fees, and other miscellaneous charges are considered “non-allowable charges” according federal regulations. Federal regulations require UWF to obtain your authorization to apply your Title IV financial aid to these non-allowable charges appearing on your student account.

Federal Title IV Funds Include:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Federal Perkins Loan
- Federal Direct Loan – Subsidized, Unsubsidized and PLUS
- TEACH Grant
- Iraq and Afghanistan Service Grant

Your authorization of the use of Title IV financial aid to pay for these non-allowable charges will expedite the settlement of your student account. If authorization is not received, the University may not pay non-allowable charges from your Federal Financial Aid, and it becomes your responsibility to make arrangements for payment of these charges. Failure to do so may result in the assessment of late fees and the delay of future aid disbursements.

I authorize the University of West Florida to use Federal Financial Aid Funds to pay current term non-allowable charges on my student account. I understand that this authorization will remain in effect until I submit a written request to the Student Accounts Office to cancel this authorization.

PRIOR TERM CHARGES AUTHORIZATION:

Federal Financial Aid may be used to pay up to $200 of immediate prior academic year charges with your authorization. If you have enough financial aid to cover your current year charges and have excess financial aid that you would like to apply towards a prior year balance, you must authorize UWF to use your excess available aid in this manner.
