STANDARD OPERATING PROCEDURE # FDO 3.109

Subject: Cleaning Locker Rooms and Changing Rooms

Purpose and Scope: To standardize the approach for cleaning and maintaining the quality of the Locker/Changing Room facilities on campus. Locker and changing room facilities will be cleaned each workday with some tasks being performed at intervals as directed by the Building Services Task and Frequency Plan.

Procedure: Locker rooms and changing rooms will be cleaned following the procedures below. If a room is unoccupied when you are finished cleaning, turn off lights and lock the door if you unlocked it. Observe all safety precautions as labeled on product and as directed in the Materials Safety Data Sheet (MSDS).

DUST FLAT SURFACES AND HIGH DUSTING
Equipment needed: lambs wool wand, pre-treated dust-cloth.

- Dust flat surfaces using lambs wool wand or pre-treated dust cloth.
- Use lambs wool wand, with extension pole if necessary, for high dusting of ceiling corners, light lenses, vents, and top of lockers.

CLEAN LOCKER BENCHES
Equipment needed: Green Earth daily disinfectant, Wypall/ Tuff mate, spray bottle, trash receptacle, latex gloves, pail of water.

- Spray Green Earth daily disinfectant thoroughly onto surfaces.
- Wait momentarily for cleaner to disinfect and wipe dry.
- Dispose of wipe.

CLEAN WATER FOUNTAIN
Equipment needed: Wipes, Green Earth daily disinfectant, and Best Bet.

- Spray Green Earth daily disinfectant and wait momentarily for cleaner to disinfect and then wipe.
- Clean entire water fountain paying special attention to drains and spout.
- Let water run for two minutes

PROJECT CLEAN WATER FOUNTAIN WITH BEST BET

- Clean entire water fountain paying special attention to drains and spout.
- Let water run for 30 seconds.

EMPTY TRASH CONTAINER
Equipment needed: liner, trash barrel and gloves.

- Remove old liner and tie closed.
- Dump into barrel.
- Replace liner and leave a spare liner on the side.
CLEAN LOCKERS, PARTITIONS AND DOORS
Equipment needed: Green Earth daily disinfectant, Wypall/Tuff mate, spray bottle, trash receptacle, and latex gloves.
- Spray Green Earth daily disinfectant onto surfaces.
- Wait momentarily for cleaner to disinfect and wipe dry.
- Dispose of wipe.
- Check door hinges.
- Clean metal door hardware with clean wipe.
- Dispose of wipe

WET MOP RESTROOM FLOORS (CERAMIC TILE)
Equipment needed: broom, wet floor sign, bucket, wringer, dust pan, cotton mop, and Green Earth daily floor cleaner.
- Put out wet floor signs near area of work
- Sweep edges and corners with broom and dispose of dirt/debris.
- Fill bucket ½ full of solution from dispensing system using Green Earth floor cleaner.
- Wet mop-head and wring out.
- Mop floor in a figure 8 motion.
- Return mop to solution bucket and wring after mopping each 6ft x 6ft area.
- Repeat until floor is clean.
- Clean mop and bucket and store properly.
- Remove Wet-Floor signs when floor is dry.

CLEAN TRASH CONTAINERS
Equipment needed: Green Earth daily disinfectant, Wypall/Tuff mate, spray bottle, liner, latex gloves.
- Remove trash and replace liner.
- Spray disinfectant thoroughly onto surfaces.
- Wait momentarily for cleaner to disinfect and wipe dry.
- Spray Push #133 deodorizer to treat for odor.
