• Total 2016-17 Sources and Comments Confirmed		\$ (840,534)

Adjusted Starting Reserve Capacity for 2016-17 **\$ 2,423,063**

1 The Central Reserve carry forward receives an infusion of one-time funds at the beginning of each year from the closing of central accounts. At year-end, the Office of University Budgets reviews all carry forward balances and prepares the budget entry to bring forward the new carry forward dollars. During this process, they collect the remaining positive and negative balances from the Central E&G accounts and the collective amount is then moved to the Central Reserve carry forward account (CF9807). These funds are available as a central emergency reserve and to fund opportunities as needed.

2 The Hurricane Reserve is residual funds resulting from a special appropriation for storm recovery.

3 The Strategic Reserve is available one-time money to fund proposals aligned with strategic priorities provided by the units, colleges, and divisions. Each Fall, the President reviews proposals brought forward by the Vice Presidents and the Provost before deciding how these dollars are to be allocated.
