KUGELMAN HONORS PROGRAM

Mission Statement
The Kugelman Honors Program offers high-impact learning experiences, special classes, and scholarship support for UWF’s highest-achieving students.

Student Learning Outcomes
Kugelman Honors Scholars should be able to:

Content
- Produce a senior thesis in close consultation with a faculty advisor.
- Undertake in-depth study of subject matter beyond the confines of the student’s chosen major.

Critical Thinking
- Exhibit cross-discipline-based thinking skills
- Select and organize credible evidence to support analytical arguments

Communication
- Present research and/or creative products at local, regional and/or national events.

Integrity/Values
- Practice civic engagement through Honors-related service activities
- Eschew plagiarism

Assessment of Student Learning Outcomes
Students wishing to achieve the status of Kugelman Honors Scholars will be assessed through their performance in the sequence of Honors Core classes. In Honors Core I, quizzes and essays will be used to assess progress in the areas of Critical Thinking, Communication, and Integrity/Values. In Honors Core II, project-based research assignments, quizzes, and data analysis assignments will be used to assess progress in the areas of Content, Critical Thinking, Communication, and Integrity/Values. The Honors Thesis, a demanding and discipline-specific capstone project, will be used to assess overall achievement in all four domains.

Jobs Prospects for the Honors Program
The Kugelman Honors Program course of study supports each and every major offered at The University of West Florida. Students who graduate as Honors Scholars often find that the special preparation and opportunities provided by the University Honors Program helps them achieve their post-baccalaureate goals, including admission to graduate and professional schools of high caliber and finding employment at regional and national companies.
