

Applied Behavior Analysis

Undergraduate BCaBA Course Sequence

Program Description

This online course sequence prepares students for internationally-recognized certification in Applied Behavior Analysis (ABA). Our online curriculum provides the complete path towards a successful career in ABA. Gain valuable experience as a Registered Behavior Technician (RBT) and advance your career as a Board Certified Assistant Behavior Analyst (BCaBA). This undergraduate course sequence is verified by Applied Behavior Analysis International (ABAI) and meets the education requirements for both the RBT and BCaBA exams.

Career Opportunities

This multifaceted field affords diverse opportunities for students interested in pursuing a rewarding career. With many applications in clinical, educational and occupational settings, behavior analysts improve the lives of individuals across a variety of interests.
