Dogs On Deployment

- Dogs on Deployment is a national 501© (3) non-profit providing a central network for military members to find volunteers willing to board their pets while they are deployed or have other service commitments, making them unable to temporarily care for their pets. No pet should ever be surrendered to a shelter due to a military commitment. DoD exists to help military members keep their pets by alleviating the need for pet relinquishment from military members due to the hardships of deployments. Additionally, DoD will foster animals while Veterans are in the hospital, rehab, or transitioning. They not only foster but will also help pay for spay or neutering animals.
