HAROLD B. CROSBY SOCIETY—\$1,000,000 OR MORE

Named after UWF's first president, Judge Harold B. Crosby, this society is created to honor the pioneering spirit that was needed to launch a new university. Judge Crosby not only had the courage to fight for an institution of higher education in the region, but he recognized the endless possibilities that an education could provide the residents of Northwest Florida. The Harold B. Crosby Society is in honor of those individuals who share these same qualities and who have invested in significant ways to the advancement of the University of West Florida with their gifts.

OUR FOUNDING

Authority to build a university in West Florida was granted by the Florida Legislature in 1963 following an eight-year campaign by prominent citizens in support of a degree-granting institution for the region. In May 1963, the Board of Control approved the recommendation of a tract of forest along the western shore of the Escambia River as the site of the future university.

President's Circle

PRESIDENT'S CIRCLE—\$25,000 TO \$49,999

Acknowledging the leadership provided by each of the Presidents of the University of West Florida, this society recognizes the generosity of individuals, corporations and foundations that have made gifts to advance the university. Members of the President's Circle are the first to provide leadership and guidance to others.

Heritage Club

Passing traditions from one generation to another, building bridges from the past to present to future—these are activities for those with vision enough to pave the way into and through the next century. The Heritage Club recognizes those providing future gifts to the university through estate provisions and is appropriate for individuals who desire to ensure the future of UWF through their gifts.

Heritage Club membership is extended to those who have included the University of West Florida in their wills, have established a life-income plan with the university as beneficiary, have named the university as beneficiary and owner in a life insurance policy, or have made other estate provisions with the university as the beneficiary.
