

How to Look Up Data Using GIS Web Tools:

1. Check the box next to **Census Tracts – Link to Demographic, Workforce, Consumer Expenditure & Census Bureau Data** in the right side panel.
2. Click the **Update Map** button at the bottom of the panel.
3. Select the **zoom in** tool from the tool bar. Zoom in on the area of interest.

4. Select the **identify** tool from the tool bar in the left side panel.

5. At the bottom right of your browser window, use the **drop down menu** to select **Census Tracts...**

6. With **the identify tool** still selected, click the area of the map you wish to view data for. (if no information is available, try zooming in further).

7. Selected **Census Tract information** will appear in the right side panel. Use the **links** provided to access data.
