Cruse the Gulf of Mexico on The University of West Florida's RV Nutavious

Participants will cruise the beautiful blue waters of the Gulf of Mexico while learning about the intriguing history of marine archaeology and shipwrecks in the Pensacola area. Along the way, you will get the chance to see historic Fort Pickens. Your cruise will be led by Captain Keith Plaskett and Dr. Coz Cozzi, research associate UWF Archeological Institute. Refreshments will be served.
Region VII invites you to come to the white sand Gulf blue waters of Pensacola Beach where treasure hunters and keepers from ten southeastern states will interact to make this professional treasure hunt one you will remember. Expect to obtain strategic treasure maps and pots o’ gold that you can take back with you.

Of course Pensacola is known for its fun in the sand and sun on the Gulf of Mexico, however, Pensacola has a rich history. It has changed hands 17 times among the Spanish, the French, the British, the Confederate and the U.S. This rich history is evident in everything from the cuisine to the architecture. Now, come on to Pensacola...share your strategic treasure maps that led you to the path of success, experience a vibrant multicultural community, visit historic sites and cultural centers and the famous National Museum of Aviation.

Remember, it ain’t bragging if it’s true!
