In addition to the degree requirements outlined above, students seeking the BS Computer Science/Cybersecurity degree must also take 15 semester hours of 3000/4000 level advisor approved electives from courses in computer science, electrical and computer engineering, management information systems, criminal justice, and GIS. Contact your academic advisor for more information.

*For students completing the Systems and Networks track, Data Structures and Algorithms 2 (COP 4534) and Intro to Math Stats (STA 4321) must be completed as electives prior to taking Systems and Networks 2 (COP4635).
