

Social Work – BSW

Mission Statement

The mission of the social work program is to prepare beginning generalist social work practitioners who demonstrate and practice the critical thinking skills, values, ethics, and knowledge delineated by the CSWE guidelines and the NASW Code of Ethics.

Student Learning Outcomes

Students graduating with a degree in Social Works should be able to:

Content

- Examine social work theories as they pertain to working with individuals, families, groups, communities, and organizations.
- Describe social and economic justice issues and the ingredients that constitute human rights.

Critical Thinking

- Evaluate interventions, program processes, and outcomes to improve practice in individuals, families, groups, communities and organizations at all levels.
- Apply cultural, gender, and other special life circumstances to social work practice.

Communication

- Communicate effectively in oral and written case management.

-

Integrity/Values

- Describe ethical controversies or dilemmas.
- Demonstrate professional behavior in accordance with NASW standards.

Assessment of Student Learning Outcomes

Evaluation of student achievement of these learning outcomes will occur primarily in advanced classes in the major, including Social Work Field Instruction and Senior Seminar, which offer a great opportunity to show how you have integrated your learning across courses. Macro projects, written communication, and presentations will demonstrate what you have learned and what you can do.
