

Professional Accountancy Certificate

Student Learning Outcomes

Upon completion of the graduate level Professional Accountancy Certificate, the graduate will be able to do the following:

1. Apply knowledge of relevant financial reporting standards and the regulatory environment to solve financial reporting issues
2. Apply knowledge of tax laws for planning and compliance purposes
3. Critical Thinking: Gather, interpret, evaluate and analyze key elements of complex accounting and tax issues or problems, consider alternatives, and present well-reasoned recommendations
