Introduction

The Drug Free Schools and Campuses Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) require institutions of higher education to document their efforts related to the prevention of alcohol abuse and the use/distribution of illegal drugs by both employees and students. At a minimum, schools must annually distribute the following in writing to all students and employees:

- Standards of conduct prohibiting the unlawful possession, use or distribution of illicit drugs or alcohol by students and/or employees
- A description of the legal sanctions under local, state, or federal law related to the unlawful possession or distribution of illicit drugs and alcohol
- A description of any drug or alcohol counseling, treatment or rehabilitation or re-entry programs available to students and/or employees
- A clear statement that the institution will impose sanctions on students and employees, a description of those sanctions, up to and including expulsion/termination of employment, for violations of these standards of conduct

The law further requires institutions to conduct a biennial review of its alcohol/other drug prevention efforts with the following objectives:

- Determining the effectiveness of the policy and implementing changes to the Alcohol and Other Drug (AOD) program if needed
- Ensuring that sanctions are consistently and evenly applied

The biennial review must also include information related to the number of AOD-related violations and fatalities occurring on the campus, as well as the number and type of sanctions imposed on students and employees for violations of the standards of conduct.

The following campus units provided information for this report:

- Office of Student Rights and Responsibilities
- Counseling and Psychological Services
- Wellness Services
- Human Resources
- Campus Recreation and Sports Services
- Intercollegiate Athletics
- University Commons and Student Involvement
- Fraternity and Sorority Life
- Housing and Residence Life

The intention of this document is to meet the legal requirements of conducting the biennial review, as well as to document the AOD prevention efforts at the University of West Florida (UWF) for the 2014-2015 and 2015-2016 academic years.

Intercollegiate Athletics (DIA) Drug Policy, Testing Program, and Disciplinary Procedures

DRUG POLICY

The University of West Florida does not condone the use, sale or possession of illegal drugs or drug paraphernalia. According to NCAA regulations, athletes must sign a drug testing consent form before participating in the University athletic program. This form must be signed before the student-athlete can participate in any University or team conditioning, practice, or competition. Any student-athlete under the age of 18 will be required to have a parental (or legal guardian) consent on the form. Consent forms are kept on file by the DIA and will be available for examination by a representative of the NCAA. The University of West Florida DIA will conduct drug testing for student-athletes. The student- athlete may be drug tested randomly or by reasonable suspicion/just cause. A student-athlete may be required to be drug tested in or out of season as long as he/she is considered a student-athlete (including summer term). If eligibility has expired but the student-athlete continues to receive aid, he/she is still subject to be tested. The DIA also reserves the right to test student-athletes who are suspected of drug use.

In addition to the testing set forth above, the NCAA may require additional drug testing during NCAA championship athletic competition. The list of banned substances can be found in the NCAA Rules Manual. Student-athletes must notify the Athletic Training Staff of any medication that they are taking as soon as prescribed, with a copy of the prescription.

DRUG SCREENING PROGRAM *(results of DIA drug screenings are included in the Enforcement section of this report)*

Throughout the calendar year, student-athletes will be subjected to random drug screening. The student-athlete may or may not be given advanced notice of the drug test. The Drug Testing Program Coordinator or his/her designee will notify the head coach or his/her designee of their selected student-athletes pending drug test, time and location. It is then the responsibility of the head coach or his/her designee to notify the student-athlete of the time and location of the test. The drug testing shall consist of the collection of a urine sample from the student-athlete under the supervision of the Drug Testing Program Coordinator or his/her designee. UWF reserves the right to include additional matrixes (Oral Fluid, Hair and/or Blood). Each urine sample will be analyzed for the presence of the listed drugs. All positive results will be confirmed by Gas Chromatography/Mass Spectrometry (GC/MS) or Liquid Chromatography/Mass Spectrometry/Mass Spectrometry (LC, MS, MS) by an outside independent federally certified laboratory contracted by the DIA to provide such service. The results of the test will be sent to the Drug Testing Program Coordinator. The Coordinator will provide the test results to the Athletic Director or designee. Student-athletes are also subject to NCAA mandated drug screening pursuant to NCAA Regulations. Student-athletes should understand that the detection of any NCAA banned drug in a student-athletes urine through NCAA mandated drug screening will keep him/her from participating in his/her sport in accordance with NCAA Regulations. This action is in addition to the disciplinary actions listed below. All test results, UWF and NCAA are cumulative for the duration of the student-athlete's tenure at UWF.

SAFE HARBOR PROGRAM

Any student-athlete may refer him/herself for evaluation or counseling by contacting a coach, athletic trainer, team physician, or athletic administrator. This arrangement is called SAFE HARBOR. It is strictly confidential and no team or administrative sanctions are imposed upon the student-athlete who has made a personal decision to seek professional assistance. A treatment plan will be put into place under the supervision of the Coordinator. The student-athlete will not be sanctioned for entry, but a student athlete testing positive after utilizing SAFE HARBOR will be subject to the sanctions outlined in this policy. A student-athlete may not initiate SAFE HARBOR after they have been informed of their participation in an impending drug test, nor can they employ SAFE HARBOR following a positive test. A student-athlete may only utilize SAFE HARBOR once in their career.

BANNED SUBSTANCES

Use of any of the following drugs, except as may be prescribed by a qualified physician to treat an individual's medical condition, by a member of any University intercollegiate athletic squad, whether or not such use occurs before, during, or after the season is expressly prohibited.

Amphetamines
Barbiturates
Benzodiazepines

Cannabinoids (Marijuana)
Cocaine
Metabolites
Codeine
Ephedra
Heroin
Methaqualone
Morphine
Opiates
Phencyclidine (PCP)
Synthetic Marijuana
NCAA banned drugs

***Positive drug profile results are reported only after confirmation by Gas Chromatography/Mass Spectrometry (GC/MS) analysis of the submitted specimen.

DISCIPLINARY ACTIONS FOR POSITIVE DRUG TEST RESULTS

If a student-athlete tests positive for any prohibited/banned substance during a UWF DIA drug testing, the following actions will be taken:

1st POSITIVE

- The AD or designee will notify the Head Coach and the student-athlete.
- The student-athlete will attend counseling set up by the DIA with the University of West Florida Counseling Center. If the athlete desires counseling other than what is set up by the DIA, a referral will be made to an outside counselor. The UWF DIA will not pay for outside referrals. Initial counseling session must be scheduled or completed within 7 days after student-athlete is notified of a positive test. Number of counseling sessions will be determined by treating counselor.
- Student-athlete must sign the Student Release of Information Form.
- Student-athlete will be suspended for 10% of competition during playing season. Partial games will be rounded to the nearest whole game. If resulting suspension occurs at or near the end of the regular season and the team is eligible for postseason play then suspension will carry into postseason.
- Student-athletes will be reinstated for competition after suspension is completed and initial counseling session is attended and confirmation received by the Athletic Director or designee.
- If the student-athlete refuses or fails to attend counseling, it will result in immediate suspension from all practices and competitions equaling 50% of total competition playing season, and any future positive test will result in immediate and permanent suspension from the University of West Florida athletic programs. Loss of eligibility will result in the inability to renew athletic scholarships, and existing scholarships may be subject to cancellation. The student-athlete will not be reinstated until counseling completed.
- Mandatory drug testing as determined by the Coordinator.
- Notification of parents (or legal guardian) of test results.

2nd POSITIVE

- In addition to the above listed sanctions, the student-athlete will be suspended for 50% of the playing season. In addition to being ineligible for games, the athlete will not be allowed to participate in any practice, conditioning, or weight-training with the team during suspension.
- Further athletics aid will be contingent upon compliance with testing and counseling mandate.

3rd POSITIVE

- Immediate and permanent suspension from practice and competition without opportunity for further competition at the University of West Florida.
- Notification of parents (legal guardians) of test results.
- Loss of eligibility may result in the inability to renew any athletic scholarships, and existing scholarships may be subject to cancellation as determined by the Director of Athletics.
- These actions for a positive drug test are the minimum that can be applied to those with positive drug test. Head coaches may impose greater sanctions as deemed necessary and in accordance with written team policy.

REFUSAL/FAILURE TO BE TESTED

If a student-athlete fails to show up for a test at the specified time or otherwise fails to provide the urine sample when requested, he/she will be required to meet with the Head Coach and the Athletic Director. At this meeting, the student-athlete will be given the opportunity to explain his/her actions. If, as a result of that meeting, the Athletics Director determines that the reason(s) given are not satisfactory, the student-athlete will be suspended immediately for a period of one year from date of refusal and will not be allowed to participate in any practice, conditioning, or weight-training with the team during suspension. The student-athlete will also be considered to have 2 positives against him/her in regards to the UWF DIA Drug Policy. Any other refusal or failure to be tested and/or a positive drug test will result in immediate and permanent suspension from athletic competition at the University of West Florida. In addition your parents (legal guardians) will be notified. Loss of eligibility due to the above reasons may result in the inability to renew any athletic scholarships, and existing scholarships may be subject to cancellation as determined by the Director of Athletics.

APPEAL PROCESS

If a student-athlete believes the facts on which the sanctions were based are erroneous, or that the action(s) should not be imposed, the student-athlete may file a written appeal with the Athletic Director within 3 business days after receipt of the action(s). This appeal must include any information that might change the factual findings or the imposed action(s). The Athletic Director will review the information submitted by the student-athlete and may reconsider its factual findings and action(s) if the Athletic Director believes a basis exists for the appeal. The Athletic Director shall make a final decision regarding the appeal and will notify the student-athlete in writing of the decision.

POSSESSION OF ILLEGAL DRUGS OR DRUG PARAPHERNALIA

Student-athletes caught or observed with illegal drugs or drug paraphernalia will be subject to the University of West Florida Student Rights and Regulations as listed in the Student Handbook as well as DIA policies.

***NOTE: For purpose of this program, the DIA will use the same substance levels in the athlete's urine as the NCAA in determining a positive test result; however, in no event will the detection of any drug be considered a positive test result if the drug detected is determined to be the result of treatment prescribed by a qualified physician.

Safe Ride Program

The Argo Safe Ride program was not funded for the 2014-2015 or 2015-2016 academic years. During the 2015-2016 academic year, the SGA President and Vice President worked with SGA and Uber to develop a plan to reinstate the program. The intention is to pilot the new program in Spring 2017 and, depending on the success of the program, seek recurring funding beginning in Fiscal Year 2017-2018. A letter from the current SGA President, Jake Hebert, is included as **Appendix 3**.

Human Resources Training for Staff

Human Resources advertised and offered the following training available to all University staff:

- April 26, 2016 – Human Resources offered Alcohol and Drug Free Workplace Training
- April 29, 2015 – Human Resources offered Alcohol and Drug Free Workplace Training

Enforcement

There are two primary departments at the University of West Florida responsible for enforcing laws/policies related to student alcohol and other drug use: The Office of Student Rights and Responsibilities (OSRR), and the University of West Florida Police Department.

The Office of Student Rights and Responsibilities at the University of West Florida is charged with the responsibility of adjudicating violations of the Student Code of Conduct, including violations of AOD policies. Students charged with violations of these policies participate in the disciplinary process as outlined in the Student Code of Conduct, and students found responsible for violating these policies are sanctioned accordingly.

The following tables provide an overview of the total number of policy violations for the 2014-2015 and 2015-2016 academic years.

Drug Charges Academic Year 2014-2015 and 2015-2016

Students that are found responsible for violations of the AOD policies articulated in the Student Code of Conduct are assigned a variety of educational sanctions regarding their conduct. These sanctions are often used in combination with other sanctions (probation, reflection papers, parental notifications, follow-up meetings, etc.). These sanctions offer a variety of approaches aimed at preventing future occurrence of problematic behaviors related to AOD violations.

E-CHUG/E-TOKE - The e-Checkup programs are a personalized, evidence-based, online prevention intervention for alcohol and marijuana developed by counselors and psychologists at San Diego State University. Drawing on Motivational Interviewing (Miller & Rollnick, 2002) and Social Norms Theory (Perkins & Berkowitz, 1986), the eCHECKUP TO GO programs are designed to motivate individuals to reduce their consumption using personalized information about their own drinking and risk factors. E-CHUG is used as a sanction for first time, non-serious alcohol offenses. E-TOKE is used for first time marijuana offenses.

BASICS – Basics is a two-session appointment with a counselor in the UWF Counseling Center. These sessions include an alcohol use assessment and incorporate motivational interviewing techniques to

assist students struggling with alcohol or drug abuse. BASICS is generally reserved for either repeat offenders of the AOD policies, or for students that experience negative consequences as a result of their AOD violation (i.e. hospital transport for alcohol poisoning).

ALCOHOL EDU – Alcohol Edu is more in-depth, personalized web-based module that personalizes content based on the users self-reported alcohol use. The sanction may be used independently, or it may be used in combination with the BASICS program (i.e. a student may be required to complete Alcohol Edu before their first BASICS session).

These educational programs are often used in combination with other sanctions. Students may be placed on probation, assigned to write reflection papers, removed from University Housing, etc. Each student’s case is discussed individually among members of the OSRR/University Housing Case Conference Team, and an individualized sanction is developed with the hopes of altering that student’s behavior and preventing future violations.

Review of Goals from 2014 Report

- Seek alternative and permanent funding source for Argo Saferide Program
 - **IN PROGRESS** – SGA leadership are working with Transportation and Parking Services to identify strategies to obtain recurring funding. See **Appendix 3** for statement of intent from the SGA President.
- Working with appropriate constituents, including Maritime Park leadership and Pensacola Police, develop comprehensive policies and protocol related to tailgating and transportation for UWF football games, beginning in Fall 2016 at Maritime Park.
 - **IN PROGRESS** – A tailgating policy is currently being developed. Discussions related to ongoing transportation to and from football games is still underway. For the off campus scrimmage held in 2015, round-trip transportation was provided with buses that were rented.
- Continue to investigate and recommend social event policies related to on campus events, with particular attention to planned on-campus fraternity/sorority housing.
 - **COMPLETE** – After consideration of the costs associated with on-campus fraternity/sorority housing, it was decided that the University would not move forward with this initiative. A new social event policy was developed and approved for all student organizations and is included in **Appendix 1** (Alcohol Policy for Student Organization Sponsored Events, SA-24.02.07/15).
- Working with Academic Affairs, develop campus policy related to mandated educational programming for incoming students.
 - **IN PROGRESS** – Although a campus policy has not been developed or approved, our current practice is to require that all incoming students take AlcoholEdu.
- Administer biennial NCHA survey and use benchmarked results to revise and adopt educational programming related to drug and alcohol use on campus
 - **COMPLETE** – The NCHA was administered in Spring 2015. Results were reviewed and compared with previous years. There were very minor differences between the data points so Wellness prevention/education program continued as is for alcohol misuse/abuse prevention. It was noted that marijuana use continues to rise both on our campus and across the nation. Additional efforts to increase prevention/education strategies for marijuana use were developed and are currently being expanded.
- Develop comprehensive prevention and awareness program related to prescription drug abuse.

- **COMPLETE** – Wellness Services did develop additional programs, campaigns, and outreach efforts to address misperceptions, expectancies, and health impacts related to prescription drug abuse.
- Implement and assess alcohol and drug prevention program developed for UWF Athletics.
 - **COMPLETE** – All Athletic teams were mandated to participate in one in-person AOD program as well as complete an online AOD program (either E-checkup To Go or AlcoholEdu). Knowledge and program satisfaction were assessed, both of which showed satisfactory results.

Summary

The appointed review committee conducted an overview of AOD policies, programs, and enforcement practices for academic years 2014-2015 and 2015-2016. As a result of this review, the committee has determined that UWF is in compliance with the Drug Free Schools and Campuses Regulations, has an effective and consistently enforced AOD policy, and annually distributes the AOD policies to students, faculty and staff.

The University of West Florida uses a comprehensive, environmental approach to preventing illicit drug use and alcohol misuse on campus. Our approaches are grounded in evidence-based strategies recommended by the National Institutes on Alcohol Abuse and Alcoholism and the Social Ecological Framework. A variety of strategic partnership across different units on campus work collaboratively and effectively to ensure that UWF students, faculty and staff live, study and work in a safe and healthy environment.

Recommendations for the 2018 Biennial Review Report

- Continue to address increasing rates of marijuana use among students by developing additional prevention/education programs, campaigns, and outreach.
- Review online educational programs in order to prepare for the end of our contract with Everfi and AlcoholEdu. Recommendations will be provided to the Vice President for Student Affairs and the Office of New Student Orientation.
- Complete tailgate guidelines prior to the first UWF home football game.
- Monitor and address concerns related to tailgating during our first two years of participating in NCAA Division II Football.
- Review sanctioning guidelines for Alcohol and Drug cases.

Policy Title: Alcohol Policy for Student Organization Sponsored Events

Originator: Division of Student Affairs

Responsible Office: Division of Student Affairs

Reason for Policy/Purpose:

Underage drinking, binge drinking, and other issues related to student alcohol consumption are considered a major national, college and university health, safety, and conduct issue. This policy is intended to address one element of this broad issue: events sponsored by student organizations.

Who Does this Govern and Who Needs to Know this Policy?

All student clubs and organizations with an established affiliation with the University including Student Government Association, Departmental Organizations, Registered Student Organizations, Fraternities and Sororities registered as Student Organizations, and Sports Clubs; faculty and staff working with student organizations.

Definition of Terms:

1. Closed Parties: For the purpose of this policy "closed parties" are defined as events limited to Student Organization members and their guests by means of a guest list or guest register.
2. Event Manager: For the purpose of this policy "event managers" are designated members of a Student Organization who have completed required training to attend Student Organization sponsored events and ensure that Student Organizations' comply with all university regulations and procedures, state laws and federal law during the sponsored event.
3. Guest: For the purpose of this policy "guests" are defined as individuals who are invited by Student Organization members to attend Student Organization sponsored events.
4. Guest List: For the purpose of this policy "guest list" is defined as the final list of approved guests as reviewed, accepted, and retained by the Student Involvement staff.
5. Guest Register: For the purpose of this policy "guest register" is defined as the record of guests maintained by the Student Organization and submitted after the event for review and retention by the Student Involvement staff.
6. Members: For the purpose of this policy "members" are defined as members of the Student Organization.

10. Student Organization Sponsored Event: For the purpose of this policy “student organization sponsored events” are defined as events that are directly sponsored and promoted by a student organization. Events will be considered sponsored events, where an organization endorses, funds, promotes, and seeks authorization for the event.

Policy Statement:

This policy is applicable to all Student Organizations and Student Organization Sponsored Events, both on and off campus.

Student Organizations are required to comply with all applicable local and state laws and university regulations and policies pertaining to alcoholic beverages at sponsored events. This policy applies equally to events where the Student Organization provides free alcohol, where participants provide their own alcohol (BYOB), and where a cash bar is made available.

The presence of alcohol at a student sponsored event creates a need to more closely control the event and a need for the sponsoring student organization to pay greater attention to the environment. Those who plan or choose to attend events where alcoholic beverages will be offered and consumed assume full legal responsibility and liability for the consequences of their actions. The university holds Student Organizations specifically responsible for the actions of their organization, members, and guests.

The following requirements apply to all student organization sponsored events:

1. Beer and wine are the only alcoholic beverages permitted at Student Organization Sponsored Events except when the event is hosted at a properly licensed facility where beverage service is operated and controlled by the vendor.
2. Self-service common source containers (e.g. kegs, punch bowls) are prohibited.
3. Drinking games, drinking contests, and drinking devices (e.g. funnels, ice luge) are prohibited.
4. Non-alcoholic beverages and food must be available at an equivalent cost while alcohol is available. All marketing related to the event must adhere to the UWF Alcohol Marketing Guidelines.

5. Designated event manager(s) must be present and not consume alcohol throughout the duration of the event.
6. Proof of age must be provided by all persons in attendance before they are served alcoholic beverages. Only a valid driver's license, non-driver's state ID, passport, or U.S. uniformed services ID is accepted as proof of age.

Procedures:

I. Implementation and Compliance

The University Commons and Student Involvement Office (Student Involvement) and The Wellness Services Office (Wellness Services) will be responsible for communicating this policy to Student Organizations, faculty, and staff.

Student Involvement shall establish and maintain procedures for registering and approving Student Organization Sponsored Events regardless of whether the event is on or off campus. These procedures will address, where applicable:

1. Location, including whether the event is hosted on or off campus;
2. Venue, including whether the event is hosted at a licensed establishment (e.g., a local club), an unlicensed facility (e.g., a city park), or a private location (e.g., someone's home);
3. Attendance, including whether the event will require a guest list or guest register and whether any limits shall be placed on attendance.

At minimum any procedures for Student Organization Sponsored Events must address the following considerations:

1. Official review and registration of the event;
2. Identification and training of individuals responsible for managing the event (Event Manager);
3. Essential education components to manage risk and liability;
4. Appropriate limits on the quantity and type of alcoholic beverages to be served to any individual;
5. Minimum security requirements.

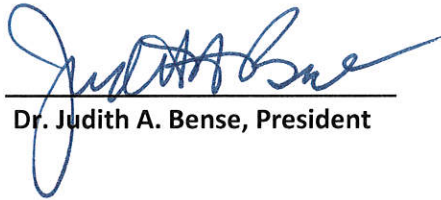

Change Justification:

This policy is being revised as the result of a five year review to reflect current best practices.

Alcohol Marketing Guidelines

To: University of West Florida Community

From: Dr. Judith Bense, President

Subject: On-Campus Alcohol Marketing Guidelines

Authority: BOG Regulation 1.001

Rationale:

Underage drinking, binge drinking, and other issues related to student alcohol consumption are considered a major national, college, and university health, safety, and conduct issue. Managing the marketing and promotion of alcohol on college campuses is an effective environmental management strategy for reducing misuse and abuse of alcohol. Academic environments should be centered on goals of higher education and offer a health promoting normative atmosphere. Drinking is not central to the academic mission and should not be disproportionately promoted within the academic environment. The promotion of alcohol at any University sponsored event creates a need to monitor the messages being promoted so as not to undermine the academic mission of the institution.

This policy applies equally where alcoholic beverages are provided free, purchased from a cash bar, or brought by guests to an event. Further, this policy applies to all forms of marketing regardless of format.

The following apply to all on-campus marketing or publicity activities by students, university departments, third party vendors, or others:

1. Use of promotional materials related to alcohol or alcohol-events must be approved through the appropriate Vice President's office or designate.
2. All on campus publicity for alcohol related events must adhere to the University's policies and procedures including but not limited to solicitation, bulletin board access, and student event management.
3. Except for publicity related to alcohol misuse/abuse prevention education programs no publicity for any event may emphasize alcohol themes.
4. The promotion of alcohol shall not encourage any form of alcohol abuse nor shall it emphasize quantity or frequency of use.

17. No uncontrolled sampling is permitted. No sampling or other promotional activities shall include or mention drinking games or contests. When controlled sampling is permitted, it shall be limited as to time and quantity. Alternate beverages, food, and planned programs must be provided.

The following additional items apply to On-Campus marketing or publicity of Student Sponsored events:

1. No publicity for any event may indicate free alcohol.
2. Publicity may not visually depict alcohol (e.g. mugs, bottles, kegs, cans, wine glasses, etc.), nor name any alcohol type or brand. In cases where student organizations might make a case for legitimate exceptions to this provision (e.g. in the case of a wine tasting club), exceptions may be requested from the University Commons and Student Activities Office.
3. Publicity for student sponsored events at a third party vendor's licensed establishment (e.g. pub or sports bar) must clearly indicate the name of the sponsoring organization. The name of the establishment must appear at no more than 1/3 scale of the largest element in the poster, flyer, banner, or other promotional item.

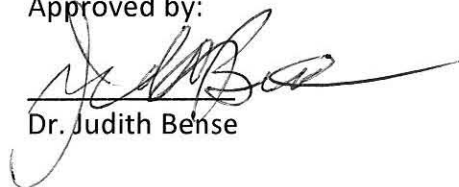

The following additional item applies to marketing or publicity of Departmental events:

Publicity may not visually depict alcohol (e.g. mugs, bottles, kegs, cans, wine glasses, etc.). Unlike student sponsored events, publicity for departmental events may name types of alcohol, e.g. "Wine and Cheese Social," though specific brands of alcohol may not be named.

The following additional item applies to On-Campus marketing or publicity by vendors:

All contracts with vendors who market alcoholic beverages must have a provision requiring the vendor to support campus alcohol education programs that encourage informed and responsible decisions about the use and non-use of alcoholic beverages.

Appendix 3 – SGA Saferide Intent Letter

Argo SafeRide with Uber

Argo SafeRide is a program at the University of West Florida which partners with a local fare-driven driver service to produce free or reduced price rides to UWF students. The main goal of this service is to provide students with an affordable way to get home when they are incapable of doing so themselves.

Argo SafeRide was historically funded by UWF SGA through the Activity and Service Fee as a partnership with Yellow Cab of Pensacola. After a period of successful activity and ridership, the program was unfunded due to problems tracking ride times and purposes and regulations surrounding how billing was handled. 2012 was the last year that SafeRide was funded.

In the Fall of 2015 UWF SGA began investigating viability of bringing this program back as a partnership with the app-based company Uber, replicating a program that is currently in existence at University of Florida.

Uber has expressed interest in a partnership, and are willing to shape the program around any funding scheme UWF SGA is able to provide.

Our hope is to receive an allocation from Parking and Transportation Service's Transportation Access Fee. We hope for an annual allocation of roughly \$10,000 to kickstart the program after running a short test period. The goal is to provide a heavily discounted Uber ride for UWF students, hopefully at least 50% of the average fare.

With the shifting of priorities and with the transition of leadership and of leadership positions, the Argo SafeRide has been pushed to the back burner. It is a priority of mine and of my administration to push this project through rapidly, and I will be working diligently to progress on this issue soon.

Our next steps are as follows:

- Draft a letter to Parking and Transportation Services highlighting the benefits of the program and outlining the ask and what the commitment would be from TAF funds.
- Determine what amount will be available for the program and what an appropriate trial period

time would look like.

- Re-establish communication with Uber and look into viability of piloting the program during the Fall semester.
- Establish who will host any paperwork that is needed at UWF.
- Figure out how to have a rider verify they are a student at UWF (working with Uber, ITS)
- Request a contract from Uber.

Our hope is to pilot the program before the end of the Fall semester, pilot a full semester in the Spring, and give it recurring funding in FY 17-18.

This is a program of strategic importance in providing resources to our students in an ever-evolving and growing Pensacola community.
