President Martha Saunders: Welcome back! Coming in this year on an all time high. Last year we've had a number of success, one is performance-based funding of a score of 94, 1 point from the top score. Athletic PROGRAM we've hit our 101st Conference Championship that is a part of our culture that it is not just one sport, but all sport. Intelligence Systems and Robotics for new Ph.C. Enrollment is up, and housing is full. Three of four times that UWF SGA President is a

Florida Student Association. We are working on our Masterplan every 5 years. We will be launching another feasibility stage and a Capitol campaign. Our big focus is scholarships. We have a landscape Masterplan that we think we will put out by next week. Our land is an asset. We hope to have the masterplan utilize our land. We need better way-findings. Renovate the Field House in June and hope to be done in 2022. We want to add seats to better the facility for large groups. We are selected to hold the 2022 National Conference on Undergraduate Research. Pensacola is the smallest community to ever be selected. Held in April 2022 with over 5000 students and professors. We will be focusing on graduation rate. I advise you to take advantage of what we have here.

Dr. Frye: Welcome back I'm excited! Even if it is exciting, for some it can be challenging. You have my condolences for Ariana. I encourage you to take advantage of the program that we have. With growth there is more opportunity for new students to get involved. The first six-weeks is a red flag zone. If you need assistance, we have Title 9 office that will help students. MyUWF 2.0 version will be out soon. Game Day Safety: Be safe during game days and help one another.

Dr. Stubbs: I appreciate all of the Exec members. The Exec team was here all summer working hard. They are going hard on it this year. Thank you, Alex and Jamie, for working hard on Argo Arrival Committee.
