E. University Affairs Chair - Ly Fess

- i. Nominated by Senate Pro Tempore Hicks
- ii. Seconded by Senator Dawson

- b. I was the previous Chair, started out as Vice Chair
- c. The transition to becoming Chair was sudden and it took a lot of time and attention to detail is important
- d. It was a lot of work, but now I know what to do
- e. I hope you give me the chance to work well, and I want to change the perception of University Affairs on campus

i. Questions:

- *Senator Dortch: How do you plan on managing your time?*
- *Senator Fess: When I became Chair suddenly, I didn't have time to prepare but now I do. I will make time for this because I love SGA*
- *DODI Hicks: Can you speak about your time as University Affairs Chair and how they have prepared you for this position?*
- *Senator Fess: being thrown into this position was difficult, but then I was able to run it effectively. I got to see what people wanted on campus and make an impact. I am now able to run it and make*

sure there is enough people that know Green Fee exists, and to increase awareness about DTA/DSA. I can better advertise it. I can build on those experiences and make them more accessible

i. Debate:

- *DODI Hicks yields time to Chair Pogreba: I am arguing in favor of Senator Fess. During that time, I have watched them have an incredible ability to balance what they are doing and stepping into a role that was thrown onto them. No one else could have taken in. They took the role and did the best they could. DSA/DTA was successful. It's not a flamboyant role but they have a personality suitable for it. They already have experience with Faculty Senate and put immense effort into the position. Izzy is a lively person but she is better suited for Student Affairs chair*
- *Senator Dortch yields time to President Range: We've worked with Ly and I taught them what they needed to do and they ran it smoothly. It's really great to have continuity with leadership and have institutional memory like Dr. Tomso mentioned. Izzy is new and doesn't have Senate experience. It is not easy to go into a Chair position, and a vice chair is a great learning experience. We need to have someone who has experience with this role because it is intricate and detail-oriented.*
- *Vice President Montoya: I have worked with Ly in many organizations, and I see their leadership. New blood is good but Ly has responsibilities and devotedness to student government. I believe in unity, and it's important that we have the experience.*
