SPLASHING MEANS TAKING A LEAP. ARE YOU READY?
YOU WEREN’T MADE TO GO WITH THE FLOW. YOU WERE BORN TO TAKE RISKS, THINK BIG AND TURN THE TINY RIPPLES OF AN IDEA INTO A WAVE-MAKING BREAKTHROUGH. This is your moment — to make a discovery, make an impact, make a difference, make a SPLASH.
GET IN WAY OVER YOUR HEAD.

WHO WANTS TO FLOAT IN THE SHALLOW END? Not us. We’re jumpers. Cannonballers. Dive through shipwrecks at the bottom of the sea-ers. And you? You’re here to immerse yourself in whatever makes your brain surge, which means going all in and getting hands-on from day one. Build aquatic drones or autonomous robots. Win cybersecurity defense contests. Unearth long-lost settlements, or start a business from scratch. Point is: THE DEEPER YOU GO, THE BIGGER YOUR SPLASH.

35:1 student-faculty ratio
Translation: small classes and one-on-one research experiences with professors — like treating Parkinson’s Disease or engineering a solar car.

NATIONAL MERIT FINALISTS

90+ MAJORS
Find yours: uwf.edu/academics

Dive right into research. Right away. UWF’s Office of Undergraduate Research throws you in the middle of hands-on research — yes, as a freshman. (Did we mention we offer plenty of research scholarships?) Use environmental DNA to track a critically endangered species. Revolutionize wheelchair tech with unmanned systems thinking. How you dive in is up to you.
MAKE SOME WAVES.

HOLD YOUR BREATH. Take a running leap. And dive into campus life. Break fundraising records at Dance Marthon. Become an agent of change at Leadership Gauntlet. Plan major campus events. Write for The Voyager newspaper. With 175+ clubs and organizations, there’s no such thing as half-splashing your four years at UWF. Argo Life is overflowing with hundreds — no, thousands — of tsunami-size opportunities.

This isn’t a place to dip your toe. HERE, YOU GO ALL IN.

SOAK IT UP
Move into an on-campus Living Learning Community to get special access to faculty, advisors, tutoring, and special workshops and seminars: uwf.edu/argolife

WANT TO SPLASH BIG?
Live on campus: uwf.edu/argolife

224 SUNNY DAYS
Plus 25 miles of nature trails and waterways and one of the nation’s best beaches just minutes away mean your next adventure is always just around the corner.

LIVE THE ARGO LIFE
1,600 acres. 13,000 students. 20+ fraternity and sorority chapters. 1,000+ events. More than 20 intramural teams and sport clubs. A rock climbing wall. 24/7, 365 splash.

NOTHING CAN STOP THE ARGONAUTS.

LEGEND HAS IT THAT ANCIENT ARGONAUTS WERE FAST, FEARLESS SPLASHERS. Today’s Argos share that athletic DNA. As a member of the Gulf South Conference, UWF fields 8 women’s and 7 men’s teams, including the fastest football startup to reach the NCAA Division II national title game. Our athletes have won 120 championships, including eight national titles. Argos are All-Americans, Academic All-Americans, and even future Olympians (just like in Greek mythology). Check out Argo athleticism at goargos.com.

WE'RE NEW TO FOOTBALL, BUT NOT TO WINNING. After just two seasons, we're already championship contenders.

The sound of splash: DEAFENING
Argo fans are the loudest and proudest out there. Join us. Flood the stands to whoop and holler for your favorite Argo teams.

THIS IS YOUR DIVING BOARD.
STEP TO THE EDGE.

THEN TAKE THE PLUNGE — into social work trips to Guatemala or Japan. In-depth tours of the Florida Supreme Court. Or an internship with NASA, Amazon, Caterpillar, Gulf Power, John Deere, or the Olympic Games. Here, we believe the next four years of your life should be a glorious adventure through uncharted waters. So test yourself. THAT'S HOW YOU LEARN JUST HOW CAPABLE YOU ARE.

UWF awards more than $3.3 million in merit-based scholarships.

ARGOS ABROAD
Study around the world in:
England  The Netherlands
France  South Korea
Japan  Germany
Taiwan  Wales

FROM PENSACOLA TO IRELAND
Through UWF’s Irish Experience Program, theatre students perform abroad, engage in workshops and enjoy the Carlow Arts Festival.

WE HAVE OUR OWN CYBER BATTLE LAB
That’s because UWF has been designated a National Center of Academic Excellence in Cyber Defense Education by the National Security Agency and the Department of Homeland Security.
“I wake up every day at 6 a.m. raring to make a mark on my community. I’m advocating for Bright Futures scholarship expansion and helping juvenile offenders readjust to society. As a leader, I have to be a visionary who sees change and fights for it.”
Kishane Patel ’18
political science

“I have won five national championships; hold the NCAA records in the 100 freestyle, 100 breaststroke, and 100 fly; and I’m a German Olympian and record-holder. But when I came to UWF, I didn’t want to swim — I was burnt out. I found coaches and teammates who made me want to compete again.”
Theresa Michalak ’18
advertising

“I’ve always been a hard worker. I’m a National Merit Scholar Finalist. I earned a full scholarship to UWF. I’ve chosen one of the most challenging fields to study — mechanical engineering. And I’m not stopping until I’m an aerospace engineer for Boeing.”
Diana Hanks ’21
mechanical engineering

“My dream is to be an orthopedic surgeon. So I push myself to my limits — starting on campus as a TRiO Council member, SGA senator, Orientation Leader, an EMT program participant, and an intern at multiple hospitals.”
D’Mario Edgecombe ’20
biomedical science

“I have worked in all aspects of my field, from engineering in the field to marketing in the industry. I’ve mentored and taught high school students how to build robots. I’ve volunteered at a robotics competition and taught robotics to children around the world.”
Diana Hanks ’21
mechanical engineering

“R.A. Orientation Leader. Sorority sister. Volunteer. Future youngest mayor of Pensacola. I have a passion for lifting up others’ voices and moving them toward their goals. The more involved I am, the more people I help.”
Mackenzie Simmons ’19
communications
