In addition to the degree requirements outlined above, students seeking the BS Computer Science/Cybersecurity degree must also take 12 semester hours of 3000/4000 level advisor approved electives. Contact your academic advisor for more information.

For students completing the Systems and Networks track, Discrete Structures (COT 3100), Data Structures and Algorithms 2 (COP 4534), and Intro to Math Stats (STA 4321) must be completed as electives prior to taking Systems and Networks 2 (COP4635). COT 3100 is a prerequisite for COP 4534.

CIS 2530 Intro to Cyber is a required course but can be completed as one of two needed Additional Science Common Prerequisites.
