

Thesis Transmittal Form

All theses that have been approved by the committee and the department must be submitted for clearance by the University. Hard copies of this transmittal form and thesis signature pages must be delivered to the Graduate School prior to electronic submission. Submission of this form and signature pages indicates that the manuscript has been approved by the student's advisory committee and is ready for electronic submission. Electronic submission for review by the Graduate School is through [UMI/ProQuest](#). Theses will not be accepted for review until this form and signature pages have been received by the Graduate School.
