JERRY L. MAYGARDEN

Doctor of Humane Letters

Jerry L. Maygarden is a business leader with a long and distinguished career in public service. His professional life includes leadership positions in state and local government and healthcare. For many years, he served as a senior administrator for Baptist Health Care Corporation — an award winning, medical system that serves the people of Northwest Florida and South Alabama. Maygarden was president and chief development officer of the Baptist Health Care Foundation for nearly 25 years. He is currently serving as the CEO of the Pensacola Chamber of Commerce.

Maygarden is a former city councilman and Mayor of Pensacola (1985-1994) who also served his community as a state legislator and Majority Leader in the Florida House of Representatives (1994-2002). He was the founding president of Ronald McDonald House Charities of Northwest Florida and he currently chairs the Ronald McDonald House Development

Council. Maygarden is a former president of the Rotary Club of Pensacola and he is a Paul Harris Fellow in Rotary International. He also serves as chairman of the UWF Historic Trust and has been a board member since 2004. In creating the Jerry L. Maygarden Distinguished Lecture Series, the Legislature recognized his contributions and enables phenomenal speakers to address Pensacolians, UWF students, faculty and staff.

Maygarden received undergraduate and graduate degrees in Communication Arts from the University of West Florida. He also completed professional development programs in public policy and church administration conducted by the John F. Kennedy School of Government at Harvard University, and the Candler School of Theology at Emory University.

Jerry and his wife, the former Rhonda Fosha, have two grown children: Louis “Trip” Maygarden and Morgan Maygarden Gleason. They also enjoy the company of two granddaughters — Emma Grace and Addie Mae Gleason. The Maygardens reside in the Historic District of downtown Pensacola.

He is honored for his distinguished military career and service as an elected official, which exemplifies two of his greatest passions, the betterment of the City of Pensacola and moving UWF forward. Maygarden epitomizes the brand of caring, collaboration and inclusiveness that are hallmarks of the UWF community.

ACADEMIC REGALIA

The academic costume worn today at the University of West Florida originated in the universities of the Middle Ages when a warm gown and hood were useful for scholar and cleric in unheated buildings. The distinctive gown also served to set the student apart from his fellow citizens of the community. Until the Civil War, students at most American universities wore caps and gowns daily while in residence. These varied in design until they were standardized in 1894. At that time it was decided that all robes would be black; bachelors' gowns of silk with long closed sleeves; doctors' gowns also carried three velvet bands around each sleeve above the elbow. Hoods, made of the same materials as the gowns, were varied in length with the degree. The lining of the hood indicated the academic discipline in which the degree was earned. In the recent years several universities have decided to return to a distinctive gown design, particularly in the color of the garment. However, there has been no change in the standard colors that represent the disciplines. At the University of West Florida each bachelor's degree candidate or graduate wears a blue and green tassel on the cap (mortar board). The tassels of master's and specialist's degree candidates and graduates represent the college awarding the degree: white, arts and sciences; light brown, business; and light blue, professional studies. Doctoral degree recipients wear a gold tassel. In addition, baccalaureate graduates who have earned a 3.5 accumulative grade point average or better are entitled to wear gold honor cords on their gowns.

Academic Hood Colors

The color lining the hood indicates the following:

Arts and Humanities, **White**

Business, **Drab**

Communication, **Crimson**

Criminal Justice, **Midnight Blue**

Education, **Light Blue**

Engineering, **Orange**

Law, **Purple**

Library Science, **Lemon**

Music, **Pink**

Nursing, **Apricot**

Philosophy/Political Science, **Dark Blue**

Public Administration, **Peacock Blue**

Public Health, **Salmon Pink**

Science, **Science Gold**

Social Work, **Citron Yellow**

DISTINGUISHED UNIVERSITY PROFESSORS

Dr. Kuiyuan Li was awarded the Distinguished University Professor designation largely at the unanimous recognition of the faculty in the Mathematics and Statistics Department where Dr. Li served as chair for an impressive eight years. Dr. Li used his position wisely to promote the individual development of faculty in the department and under his leadership the department became recognized as one of the strongest math program deliverers in the State of Florida. An outstanding teacher, Dr. Li maintained a robust research agenda that often involved collaborations with other faculty in the department. His exemplary service drove the decision to confer the Distinguished University Professor status in 2010.

Dr. Al Cuzan received the recognition of earning the Distinguished University Professor status in 2012. Dr. Cuzan's eminence in political science research was a primary consideration in this decision. His development of systems to produce accurate political forecasting has earned him a national reputation for applying political theory to practical problems. Known for his rigor and challenging assignments, Dr. Cuzan's courses generate positive reviews from students for the life skills they teach in addition to political science content. He served as chair of the Political Science Department for over twenty years, making his tour of service one of the longest in UWF history.

Dr. Hedi Salanki-Rubardt was awarded the Distinguished University Professor title in 2012 based on her international renown as a harpsichord virtuoso and the exuberance of her teaching style. Dr. Salanki-Rubardt's teaching techniques have transformed music majors into world class performers primarily through her strong emotional investment in the students and the music. Her quality of performance has been recognized throughout the world based on invitations to deliver teaching experiences and provide judging of high level competitions. Her creative achievements as a teacher and a performer are without parallel.

Dr. John Ortiz Smykla was nominated by his colleagues for the Distinguished University Professorship in recognition of the example he set as an internationally acknowledged scholar-teacher and for his mentoring of students and faculty throughout his 37-year career in higher education. Dr. Smykla is a former Senior Fulbright Scholar to Argentina and Uruguay and recipient of a grant from the National Science Foundation to computerize a historical dataset on capital punishment. Scholars from the Universities of Maryland, South Carolina, and Florida State call it the "best historical record on executions in the United States." Dr. Smykla, his students, and colleagues are now evaluating reentry court, a specialized court that works with inmates who are transitioning from prison to the community, to learn if reentry court reduces offender recidivism and protects the community.

UNIVERSITY *of* WEST FLORIDA

ALMA MATER

Where learning's light sends forth its beam

Through darkness of our youth,

There you, West Florida, home of dreams

Prepare the way of truth.

You guide us toward tomorrow's shore

With knowledge of our past;

Your power in us rests secure,

And evermore will last.

Your stately mansions were our home

Where minds and hearts are free;

And though we may far from you roam,

We'll always honor thee.
