1. Participation in weekly assignments (10% of final grade)
2. Participation in weekly quizzes (20% of final grade)
3. Participation in scenario analysis and discussion (20% of grade)
4. Exams (20% of final grade)

Exams

All exams are cumulative and are available on the UWF eLearning system. Computers must be able to take the exam using a lock-down browser and monitor.

Assignments

Content hours earned towards certification requirements have been carefully calculated. If a student neither attends the live virtual class nor views the recorded lectures for each week, a 10% response cost to the final grade will be administered for each missed session or recording. If 3 or more class sessions are missed, this will result in an automatic (F) failing grade assigned for the course. Students must also complete weekly assignments to receive a passing grade in the course. Assignments submitted more than one week from the due date will not receive points, but assignments must still be placed in eLearning by the end of the course in order to earn a passing grade. If any assignments are not submitted to eLearning by the end of course, a 10% response cost to the final grade per missing assignment will be administered. If 3 or more assignments are missed, this will result in an automatic (F) failing grade assigned for the course.

Virtual Class

Our students have choices in attendance and participation: Students are encouraged to attend all live, real-time, class sessions. If students cannot attend live, they must watch the recording each week, in addition to any other pre-recorded lectures.

Course Modality

University of West Florida operations may be disrupted from time to time by weather, pandemics, and other events outside of our control. It is important for faculty and students alike to plan for contingencies that may affect individual course sections. With this in mind, faculty may opt to hold some class meetings in a modality other than that originally planned in order to make certain that the class continues in the best manner possible given the immediate circumstances. It is important to be flexible and understand that we are operating in a dynamic environment.

Recording in Class

Without prior notice, students may record video or audio of a class lecture for a class they are enrolled in for their own personal, educational use. A class lecture is an academic presentation delivered by faculty or guest lecturer as part of a University of West Florida course intended to inform or teach enrolled students about a particular subject. The following actions are prohibited: recording class activities other than class lectures, including but not limited to lab sessions, student presentations (whether individually or part of a group), class discussion (except when incidental to and incorporated within a class lecture), clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, and private conversations between students in the class or between a student and the faculty member. Recordings may not be used as a substitute for class participation and attendance and may not be published or shared without the written consent of the faculty member. Failure to adhere to these requirements may constitute a violation of UWF-REG 3.010 Student Code of Conduct and may be a violation of the law. More details can be found in the [UWF Student Handbook](#).

Academic Conduct

The [Student Code of Academic Conduct](#) defines various forms of academic misconduct, including cheating and plagiarism, and describes the process for addressing these types of allegations. All students are expected to read the Student Code of Academic Conduct and comply with the expectations. More information and links to the University regulation governing academic conduct can be found on the [Office of Student Rights and Responsibilities website](#).

TurnItIn

UWF maintains a university license agreement for an online text-matching service called Turnitin. Instructors may use the Turnitin service to evaluate the originality of student papers at their discretion. Instructors can employ other services and techniques to evaluate your work for evidence of appropriate authorship practices as needed.

Sexual Discrimination or Harassment Reporting

University of West Florida faculty members are committed to supporting students and upholding the University's non-discrimination and harassment policies. Under Title IX, discrimination and harassment based upon sex or gender (including sexual violence and sexual misconduct) are prohibited. If you experience an incident of sex/gender-based discrimination or harassment, you do not have to go through the experience alone. Know that while you may talk to a faculty member, as a "Responsible Employee" of the University, the faculty are required to notify the University's Title IX Coordinator so that support services can be provided to you. If you would like to speak with someone confidentially, you may schedule an appointment with the UWF's Counseling and Psychological Services at 850.474.2420. This service is free for students. Faculty can also help direct you to, or you may independently access the [University's Title IX website](#).

Civil Discourse

At the University of West Florida, learning involves a variety of ideas, theories, and evidence. Presentation of these ideas does not represent an endorsement of any one idea or perspective. It is vital to the UWF academic mission that we foster an environment that allows for the open exchange of ideas and perspectives to advance the learning objectives for each course. Civil discourse within and outside the classroom is a vital component of the UWF academic environment and is expected of everyone who belongs to the UWF community. Students and faculty may engage with complex ideas in class, and students will often be asked to demonstrate an understanding of those ideas. Understanding an idea, concept, or theory does not require endorsing or agreeing with it but rather hearing and considering its strengths and weaknesses. More information about civil discourse can be found on the [Office of Campus Culture and Access webpage](#).

Health and Safety Protocols

The University of West Florida is dedicated to maintaining the best learning environment possible for our entire community of students, faculty and staff. We are the University of West Florida. The University will continue to rely on guidance from the Florida Department of Health and the Centers for Disease Control and Prevention to pass on any changes in protocols for health and safety should the need arise. Students are encouraged to consult with their instructors regarding absences and missed work.
