Section V – EVALUATION, NEGOTIATION, AND CONTRACT AWARD

EVALUATION PROCESS AND CRITERIA

Each response will be reviewed by the Office of Procurement and Contracts to determine whether it is responsive to the submission requirements outlined in this solicitation. A responsive submittal is one which has followed the requirements of the solicitation, includes all documentation (including, but not limited to, the Essential Documents requested in Tab A), is submitted in the format outlined in the solicitation, was submitted prior to the due date and time, and has the appropriate signatures as required on each document. Failure to comply with these requirements may put your response at risk of being rejected as “non-responsive”.

Submittals fulfilling the basic requirements shall be referred to the Evaluation Committee for review and further consideration. The evaluation will utilize the following broad scoring criteria:

| <u>EVALUATION CRITERIA</u> | <u>Weight</u> |
|--|----------------------|
| 1. Firm Description | 5 |
| 2. Firm Experience | 25 |
| 3. Ability to Provide Responsive Service | 30 |
| 4. Personnel Experience | 20 |
| 5. Safety | 10 |
| 6. Cost Proposal | 15 |

The Evaluation Committee will convene to jointly and openly discuss the strengths and weaknesses of all proposals based on the written responses and additional written information as requested. Each committee member will then independently evaluate each response and assign a score to each criterion for each Respondent. The scoring by each member of the committee will be converted to a ranking order of the Respondents for each evaluator. Rankings shall then be aggregated to establish a Total Committee Ranking for each Respondent. Lastly, an overall Final Committee Ranking will be established for each Respondent. Total scores will be used to break a tie in ranking.

All Respondents are hereby advised that the University may determine that verbal explanations, additional written information, internal staff analysis and presentations, outside consultants, and/or any other information may be requested at any time during the evaluation process in order to assist the Evaluation Committee with the performance of their duties under this solicitation. The Evaluation Committee may determine as a result of additional information that the impact of this information is significant and shall be accorded as such and may be incorporated into the scoring and/or ranking as a revision of the same and at the discretion of the committee.

NEGOTIATIONS AND CONTRACT AWARD

Following the conclusion of the evaluation, the University intends to negotiate with the top ranked firm(s) to provide plumbing mechanical services on an as-needed basis. The University reserves the right to negotiate concurrently or separately with competing respondents. As deemed in the best interest of the University, the right is reserved to make multiple awards or a single award.

The University reserves the right to reject any and all submittals or portions thereof. The University reserves the right to withdraw this solicitation or a portion of this solicitation without making an award. The award recommendation will be made on a Best Value basis.

Representatives of the respondent(s) selected to participate in negotiation(s) shall be first **required to submit written authorization from the company CEO or CFO attesting to the fact that the company's lead negotiator is authorized to bind the company to the terms and conditions agreed to during negotiations**. Such authorization will be requested immediately after the ranking of the respondents, and the provision of such authorization will be a prerequisite to continuation in the negotiation process. Company negotiators shall enter the negotiations prepared to speak on behalf of the company. The University reserves the right to immediately terminate negotiations with any company whose representatives are not empowered to, or who will not, make decisions during the negotiation session.

Time is of the essence and therefore the University retains the right to cease negotiations with any and all firms that do not respond to negotiation issues on a timely basis. The University may reject offers that are determined to not be reasonably supportable. The University reserves the right to select, and subsequently recommend for award, the firm which best meets its required needs, quality levels, and budget constraints.

If the University determines that a company awarded a contract based on this solicitation does not honor all agreements reached during the negotiations, the University reserves the right to immediately cancel the award, and to place the company on the University's suspended contractor list.
