**Title:** Speech, Assembly, and Public Expression on Campus  
**Responsible**  
**Department:** Division of Finance and Administration and Division of Academic Engagement and Student Affairs

## **I. General Statement:**

The freedoms of speech, peaceful assembly, and expression are basic and essential freedoms that the University of West Florida (the “University”) strives to protect. Reasonable time, place, and manner restrictions will be enforced so Expressive Activities do not materially and substantially disrupt the orderly functioning of the University, interfere with academic programs or administrative processes of the University, or infringe upon the rights of other individuals or organizations to engage in Expressive Activities. Enforcement will be content neutral.

Nothing herein shall be interpreted as limiting the right of Expressive Activity so long as the Expressive Activities do not violate any law, regulation, policy, or other restrictions designated in this regulation.

## **II. Definitions**

**Commercial Speech** – speech in which the individual is engaged in commerce, the intended audience is commercial or actual or potential consumers, and the content of the message is commercial. *See* UWF Policy P-05, Commercial Solicitation, for additional information.

Subject to the limitations described in this regulation, Expressive Activities generally may take place on University property. Expressive Activities may occur freely, spontaneously, and contemporaneously as long as the person’s conduct is lawful and does not create a material and substantial disruption of the functioning of the University or infringe upon the rights of other individuals or organizations to engage in Expressive Activities. Expressive Activities must comply with the following parameters:

#### **A. Outdoor Areas:**

1. Expressive Activities shall not create a material and substantial disruption of University functions, as more specifically described below in Section IV.
2. Any sound amplification must not interfere with University business or academic activity. Only a University-related group or organization will be permitted to use amplified sound in an Outdoor Area. Student organizations must go through the appropriate procedures to obtain approval.

4. Erecting permanent or semi-permanent structures without written authorization from an appropriate vice president is prohibited.
5. Expressive Activities may be limited by the University, in its discretion, in the duration of the activity (i.e., a time limitation such as a certain number of hours or days).

B. Indoor Areas:

1. Expressive Activities are permitted in Indoor Areas only upon obtaining written authorization from the University for use of that facility, room, or other indoor space by following the procedures described in UWF policy SA-02, Use of University Facilities for Events and Activities.
2. Amplification of sound is permissible in an Indoor Area only with express written permission.

C. Expressive Activities must comply with all other University regulations, policies, and general requirements for use of University buildings and grounds, including but not limited to P-05, Commercial Solicitation; P-20, Distribution of Written Materials; SA-02, Use of University Facilities for Events and Activities; and SA-30, Nighttime Events, as they may be amended.

2. In the event of disruptive action or conduct, members of the University Community involved in Expressive Activities shall identify themselves by presenting appropriate documents such as ID cards when requested to do so by the President or designee.
