# Sourcing Intern Job Description

## Responsibilities

- Own system data for a set of components to facilitate semiautomated procurement through an Advanced Supply Chain Procurement model in the Oracle ERP
- Process purchase orders and purchasing requests for Wind Turbine components
- Collaborate with production, design/manufacturing/configuration engineering, strategic sourcing, suppliers, and accounts payable to support efficient procurement processes
- Lead and participate in Kaizen for Lean process improvements within the sourcing and supply chain function
- Manage procurement KPIs for a set of components to ensure OTD to factory
- Coordinate cut-in plans for Engineering Change Orders across the supply chain
- Assist with expediting urgent part deliveries and coordinating incoming shipments
- Support inventory management activities by monitoring production inventory levels to help prevent supply disruptions
- Assist in evaluating historical inventory usage and demand trends to support purchasing and material planning

## Preferred Qualifications

- Current full-time UWF student pursuing a bachelor's degree in Supply Chain Management, Business Administration, Operations Management, or a related field
- Junior or Senior standing
- Strong organizational skills and attention to detail
- Excellent communication and interpersonal skills
- Ability to prioritize tasks and work effectively in a fast-paced environment
- Proficiency in Microsoft Excel and other Microsoft Office applications
- Strong analytical and problem-solving skills
- Self-motivated with the ability to work independently and collaboratively as part of a team

## Learning Outcomes

- Gain hands-on experience supporting sourcing, purchasing, and inventory management within a manufacturing environment
- Develop an understanding of MRO procurement, inventory planning, and supply chain operations
- Develop practical knowledge of supply chain processes that prepare students for careers in sourcing, procurement, materials planning, and operations management
