Apply Now! Paid Videography Internship

RescAlert Inc. is Hiring!

Videographer Intern

Spring 2026: 15+ hours/week
Summer 2026: 15+ hours/week
Fall 2026: 15+ hours/week

RescAlert Inc. is seeking a motivated, creative Videographer Intern to join the marketing and communications team. This role involves producing high-quality video content that supports the company's mission to advance emergency preparedness and public safety awareness, while telling compelling visual stories about its technology, real-world impact, training initiatives, and community outreach.

This position will give you the opportunity to develop and apply necessary real-world skills while attaining your UWF degree.

Videographer Intern Job Description

Responsibilities

- Plan, shoot, and edit professional video content for social media, website, promotional campaigns, training materials, event recaps, and public awareness initiatives.
- Apply videography best practices, including proper lighting, audio capture, framing, camera movement, color grading, and storytelling techniques to deliver polished, broadcast-quality results.
- Collaborate closely with the marketing, product, and leadership teams to understand project goals and translate RescAlert's mission into engaging visual narratives.
- Work independently and as part of a team to meet deadlines while maintaining a high level of creativity and attention to detail.
- Ensure all video content aligns with RescAlert's brand standards and effectively communicates the importance of rapid, coordinated emergency response.
- Assist with live event coverage, interviews, drone footage (if qualified), and other multimedia projects as needed.

Requirements

- Current UWF student enrolled full-time or completing final credits in senior year
- Demonstrated experience with video production (portfolio required), samples of previous work in storytelling, promotional, or documentary-style video strongly preferred.
- Proficiency with professional video equipment and software, i.e., Adobe Creative Suite (Premiere Pro, After Effects, Photoshop, Lightroom), and other professional videography tools.
- Strong understanding of videography best practices, composition, pacing, and post-production techniques.
- Excellent collaboration and communication skills; ability to take direction while contributing creative ideas.
- Passion for public safety, emergency management, or mission-driven work is a plus.
- Reliable, self-motivated, and committed to producing professional, high-level results that support RescAlert's life-saving initiatives.
- Ability to adapt quickly, self-motivate, and approach challenges with a positive, proactive attitude.
